Schaff Angus Valley®

114th Production Sale

Saturday • February 11, 2017 • 10 am CST at the ranch

500 BULLS · 230 FEMALES

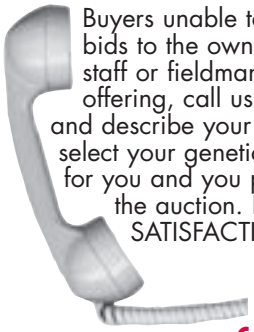

$ Affordable Genetics for the Cowman

BEST VALUE GUARANTEE

The focus of the Schaff Angus Valley program is on serving the commercial cowman and providing high quality bulls in volume at affordable prices. Whether your budget is $3000, $5000 or more, you can expect to find a good selection of bulls in everyone's price range.

PHONE ORDERS

Buyers unable to attend the sale may call or send their bids to the owner, Kelly Schaff or to Bob Watkins, sales staff or fieldman. If you would like to discuss the sale offering, call us (preferably several days before the sale) and describe your needs and budget and we can help select your genetics for you. We can bid on the animal for you and you pay only the bid price established by the auction. Bids are handled in confidence with SATISFACTION GUARANTEE on all orders.

FREE NATIONWIDE DELIVERY

Schaff Angus Valley is offering free nationwide delivery on bulls to sale barns and central stockyard points.

$100 DISCOUNT PER BULL IF YOU HAUL YOUR OWN SALE DAY!

We ask buyers to please be willing to travel to central drop points and meet trucks at sale barns along central routes. Drop points need to be consolidated to make delivery feasible and avoid cattle in transit too long. SAV will coordinate delivery on females if the buyer desires, however the cost is the buyer's responsibility. Canadian and Mexican purchases and bulls going to semen collection facilities will be available to pickup at the ranch following the completion of health testing requirements and delivery arrangements and costs are the buyer's responsibility.

SALE LOCATION:

Schaff Angus Valley is located approximately 30 minutes from Bismarck/Mandan, ND. The sale will be held in the heated sale facility at the Schaff Angus Valley headquarters. A map and directions are listed on the inside back cover.

TRANSPORTATION:

Bismarck, ND is served by bus and major airlines, with direct flights from Minneapolis, Denver, Chicago, Dallas, Phoenix and Las Vegas. Early reservations are recommended for flights and rental cars. The surrounding towns of Fargo, Minot, Jamestown and Dickinson also have air service. Schaff Angus Valley is located 30 minutes from the Bismarck airport, sale headquarters and shopping mall. See map on the inside back cover.

ACCOMMODATIONS:

Please mention that you are attending the Schaff Angus Valley Sale when making reservations for the best rates. Early reservations recommended!

Comfort Inn & Suites, Mandan, ND - (701) 751-7484
Baymont Inn, Mandan, ND - (800) 597-7327 or (701) 663-7401
The Ridge Motel, Mandan, ND - (701) 663-8686 (economy lodging)
North Country Inn, Mandan, ND - (701) 663-6497 (economy lodging)
Ramkota Inn, Bismarck, ND - (701) 258-7700
(cafe - lounge - swimming pool - across from shopping mall)
Expressway Inn, Bismarck, ND - (701) 222-2900 (economy lodging)
Holiday Inn Express - (701) 221-0850
Best Western Doublewood - (701) 258-7000
Hampton Inn - (701) 751-3100
Fairfield Inn - (701) 223-9077

CATTLE VIEWING:

The sale offering will be on display for viewing at the ranch all day on Friday, February 10th with food and refreshments available. We welcome your visit to the ranch anytime prior to the sale.

SEMEN INTERESTS:

Schaff Angus Valley is retaining one-third revenue sharing semen interest in every bull selling in this sale. Full possession and full salvage value sells on all bulls unless otherwise noted. Bulls are guaranteed to pass a breeding soundness exam, there is no guarantee on bulls to freeze semen unless specific terms are agreed prior to sale. SAV reserves the right to sell AI certificates on all bulls.

BULL DEVELOPMENT:

The bulls have been developed in large groups on a high roughage ration to ensure long-term soundness and customer satisfaction.

GUARANTEE:

The sale offering is guaranteed to be fertile and reproductively sound in accordance with the terms and conditions as recommended by the American Angus Association. This guarantee does not cover injury or death. In the event of a problem, the buyer is responsible to return the animal to SAV and if it does not respond as a satisfactory breeder, will have the option to select a suitable replacement, if available, or take a sale credit. Any potential claim needs to be made by September 1st of the year of purchase.

TERMS:

Terms of sale are cash or check. All cattle must be settled for at the conclusion of the auction. Cattle will not be released from the sale premises until payment is received in full. Bulls that are not settled for in full within 7 days of the auction are not eligible for the free delivery.

GENETIC RECESSIVES

This entire sale offering is free of all known genetic defects and recessives monitored by the American Angus Association.

HEALTH:

All cattle will be accompanied by proper health certificates for shipment and have had a complete vaccination program.

INSURANCE:

Insurance will be available sale day. It is recommended that buyers insure their purchases for safe delivery. Purchaser assumes the risk of death or injury to their livestock immediately after the sale.

LIABILITY:

Schaff Angus Valley assumes no liability for accidents or injuries that occur on the sale premises. Potential claims of any kind must be settled in North Dakota Morton County Court.

SALE ORDER:

The bulls will be sold in sire groups. This is to aid customers in selecting brothers to produce a more uniform calfcrop. As a result, bulls of consistent quality will sell throughout the duration of the auction. A sale order will be available prior to the auction.

Welcome to our 114th Angus Production Sale. With great enthusiasm, passion and confidence, we are presenting our largest and highest quality offering of Angus seedstock to date.

Although the ripple effects of the cattle cycle are not over yet, the markets and pulse of the industry have showed significant rebound and are shifting in a positive direction with growing optimism. The learning curve is steep when it comes to cattle markets and cycles and the glaring lesson relearned in a down cycle is that those with pastures of heavy, high quality, black Angus calves hold their cards together and always prevail.

We have outpouring gratitude and are extremely humbled by your support that has made our breeding program flourish and become a dominant presence in the beef-industry and the world's leading prefix in Angus genetics. With this honor comes great responsibility to produce the kind of genetics that will enhance productivity, profitability and real economic value for the industry we serve. The barometer on which we gauge our breeding program is disciplined and focused on the essentials that affect profitability of the cowman who sells pounds for a living with the necessity to do it in an efficient and practical manner. A keen awareness of performance, phenotype, structure and maternal traits remains paramount, with particular emphasis on the cowherd and the basic profit-driving traits – fertility, fleshing-ability, maternal quality and the ability to raise heavy, market-topping calves and produce a quality end-product. We are pleased to see that many of the top-selling feeder cattle and replacement heifers in the country are influenced by SAV genetics and gratified to see harvest data from many large and diverse commercial herds showing that SAV genetics are earning the highest end-product premiums being paid today. These real-world factors provide the baseline for every decision we make.

Our innovative breeding program is constantly progressing, improving and refining, taking advantage of genetic turnover and intense selection pressure to make sure each calfcrop is stronger than the last. We have no desire to rest on our laurels and the 2017 sale offering makes this evident – loaded with a vast selection of performance and quality beyond compare. This sale presents access to reputation SAV genetics in volume, in price ranges affordable to the cowman.

The 2017 female offering is our largest to date and includes a special sale attraction of the seven top-indexing heifers of the entire 2016 calfcrop as well as the #1 performing embryo heifer – our commitment to sharing the best of our program! A sensational group of replacement heifers, proven donors and hand-picked sale features from all of our leading cow families will lace the offering. They all carry the authentic SAV prefix that is recognized around the globe. You are truly buying a piece of our program – they will make a lasting contribution and have a lifetime of earning potential.

Our commitment remains on the success of our customers – our highest priority and greatest inspiration. It is a privilege and honor to serve as your seedstock source. If we can be of assistance in any way, please do not hesitate to contact us. We look forward to seeing you sale day.

Sincerely,
Kelly Schaff

Martie Jo, Kelly, Kelsie & Kourtney Schaff

Special thanks to our dedicated and talented SAV team who are responsible for our success and diligently handle the daily tasks at the ranch.

Bob & Cathy Watkins

728	Dora female
729	Bessie Heiress female
730	Queen female

Performance Data

All of the EPDs, birth weights, 205-day weights, ratios and ultrasound information in this catalog is official data processed by the American Angus Association and are current as of December 2016 when this catalog was prepared for press. Updated EPDs will be available at sale time. The 365-day weights have been calculated using individual lifetime average daily gain x 365 days + birth weight, thus giving a more accurate reflection of the actual weight of each bull at 365 days of age. WDA is weight per day of age at 365 days of age (365-day weight divided by 365 days). A supplemental sheet will be available sale day with scrotal measurements, ultrasound data and updated EPDs.

Expected Progeny Difference (EPD)
Is the prediction of how progeny of each animal are expected to perform relative to the progeny of other animals in the Angus breed. As data continues to accumulate, accuracy levels rise and EPDs can shift accordingly.

Birth Weight EPD (BW)
Expressed in pounds, is a predictor of transmitting ability for birth weight. The Angus breed is noted for calving-ease. A bull with a Birth Weight EPD under +2.6 is generally regarded as suitable for mating with virgin heifers.

Weaning Weight EPD (WW)
Expressed in pounds, is a predictor of the transmitting ability for weaning weight. An emphasized trait when marketing calves at weaning. For example, you can expect progeny from a sire with a +60 weaning EPD to weigh 30 lbs. more at weaning on the average than progeny from a sire with a weaning EPD of +30.

Yearling Weight EPD (YW)
Expressed in pounds, is a predictor of transmitting ability for yearling weight. An emphasized trait for yearling feedlot performance and profitability.

Scrotal Circumference EPD (SC)
Is a predictor of transmitting ability for scrotal size. An indicator of fertility in both bulls and females.

Maternal Milk EPD (Milk)
Is a predictor of transmitting ability of the portion of calf weaning weight attributed to daughters' milk. An indicator of replacement female production level.

Carcass Weight EPD (CW)
Is a predictor of transmitting ability for hot carcass weight.

Marbling EPD (MARB)
Is a predictor of transmitting ability for intramuscular fat. The vast majority of straight Angus cattle will grade USDA Choice or higher under normal feedlot management.

Ribeye Area EPD (REA)
Is a predictor of transmitting ability for ribeye area. Muscle is a key component of yield grade.

Fat Thickness EPD (FAT)
Is a predictor of transmitting ability for external fat thickness and correlates to fleshing ability.

Weaning Ratio (WR)
Is a direct comparison of an individual to others in its contemporary group. A weaning ratio of 100 is always average for the group and a figure below or above 100 is the percent difference that the animal is above or below the average.

Note: True genetic progress in any registered or commercial operation can be enhanced with the use of EPDs from a balanced approach, along with other selection criteria. Fundamental traits of profitable and productive cattle are best evaluated through a combination of visual appraisal with performance, EPDs and pedigree assessment, coupled with individual goals and needs.

This symbol denotes Pathfinder status.

Thank you to all SAV supporters who have made Schaff Angus Valley the most dominant source of Angus genetics worldwide.

SAV Renown 3439 is the $175,000 lead-off bull from the 2014 SAV Sale. He has since taken center-stage in the Angus world as one of the most popular, respected and highly sought after sires of the modern era and was lead-off bull in the 2016 Genex Beef Sire Directory. His phenomenal progeny are in a league of their own – combining modest birth weights with phenotypic quality, muscle dimension, breed-leading performance, superior structure and great disposition. His sons comprised the lead-off sire group in the 2016 SAV Sale where they scanned an astonishing 365-day ribeye average of 17.0 inches. His sons once again lead-off the 2017 SAV Sale catalog and show incredible potential.

Renown is the result of the same proven and predictable mating that created Resource, Recharge and many of the greatest young cows in the SAV program. He represents the best of the timeless Rito 707 performance lineage known for efficiency, natural fleshing-ability, thickness, muscle, superb structure, feet quality and authentic Angus breed character.

The dam of Renown is the breed icon, SAV Blackcap May 4136, who is the most prolific and influential cow of the modern era. She is the #1 income-producing cow in SAV history generating $5.6 million in receipts on 149 direct progeny. She has 55 daughters retained in the SAV herd and an ever-growing list of herdsire sons.

The 2017 SAV Sale will feature 60 direct progeny of SAV Renown 3439, as well as 23 full and maternal siblings.

His dam

SAV BLACKCAP MAY 4136

The Angus breed's most important genetic contributor and #1 income-producing cow in SAV history with $5.6 million in direct progeny sales. She has 55 daughters retained in the SAV herd and her sons include Resource, Renown, Recharge, Heritage, Universal, Pedigree, Seedstock and Sensation. Her influence is heavily represented in this event.

SAV BLACKCAP MAY 3501

This flush sister to Renown is the dam of SAV Technique 5120 at Alta Genetics AI Stud.

SAV MORTON COUNTY 5010

This Renown son was selected by Waters Edge Farm as a top-selling feature of the 2016 SAV Sale where he scanned a 365-day REA of 19.1 inches.

SAV GRASSLANDS 5075

This Renown son was selected by Wiesler Angus as a top-selling calving-ease bull in the 2016 SAV Sale.

SAV GRASS ROOTS 5282

This Renown son was selected by Zeus Farm as the featured lot 1 bull from the 2016 SAV Sale where he scanned a 365-day REA of 18.0 inches.

SAV THRIVE 5054

This Renown son was selected by Semex AI Stud as a top-selling feature of the 2016 SAV Sale.

- **SAV Abundance 6117 is everything his name implores. He is an absolute powerhouse, with an abundance of thickness, muscle, volume and pounds – as stout, wide-based and rugged as you can build one. He has been a standout since birth – appraised and admired by cattlemen from around the globe. He earned a 205-day weight of 1045 lbs. for a weaning ratio of 114, ranking among the four top-indexing bulls of his entire natural calfcrop.**
- **His powerful dam by Net Worth is a splendid producer with ideal body-type and a beautiful udder. She combines a birth ratio of 99 with a weaning ratio of 105 on 8 calves. She has four daughters retained in the SAV herd and six progeny highlighting past SAV sales to Rick Nemeth, Zachary Strain, Leo & Randy Hunninghake, Jay Fagan, Orville Skogen, Carlson Angus Ranch and Tweedy Cattle Co.**
- **His fourth generation Pathfinder grandam continues in production at 20-years of age as a testament to the longevity, fertility and productivity of the Emblynette family. She has 12 daughters retained in the SAV herd and 103 progeny highlighting past SAV sales to cowmen in 21 states, Canada and Argentina.**

- SAV Stronghold 6112 offers an outstanding genetic and visual package to be a major factor of this event. His is a real beef bull with thickness, muscle and volume and massive dimension. He offers the largest spread from birth-to-weaning ratio of his entire calfcrop. He started with a modest birth weight of 76 lbs. for a birth ratio of 92 and earned a 205-day weight of 1003 lbs. for a weaning ratio of 110.
- His heavy-milking, productive dam by Net Worth comes from four consecutive generations of elite Pathfinders. She balances a birth ratio of 94 with a weaning ratio of 102 on 8 calves and never fails to bring home a top calf. She has a daughter retained and six progeny highlighting past SAV sales, including the featured lot 2 bull in the 2014 SAV Sale.
- His prolific Pathfinder grandam served the SAV program for 19-years. She has 24 daughters retained in the SAV herd and 76 progeny highlighting past SAV sales to cowmen in 18 states and Canada.

- **Fabulous flush brothers from the mating of Renown to the maternal matriarch, SAV Madame Pride 0075. They stack predictable performance and maternal genetics, top and bottom – bred to make a lasting contribution.**
- **Their dam is a breed icon and continues in production at 17-years of age. She has generated $2.6 million in direct progeny sales, as the second top income-producing cow in SAV history. She has 38 daughters retained in the SAV herd and 107 progeny have highlighted past SAV sales to cowmen in 19 states, Canada and Brazil. She has multiple herdsire sons, including SAV Registry 2831 at Accelerated Genetics AI Stud.**

SAV REVIVE 6464 - LOT 22

SAV Terrain 6113 - Lot 25...

SAV TERRAIN 6113 - LOT 25

"Wow! What an impressive operation . . . It was very humbling. Keep raising the bar for the Angus breed! Pass on my sincere congratulations to the entire SAV family."

- Don Schiefelbein

SAV MADAME PRIDE 7616
Dam of lot 25 and maternal sister to lots 18-20.

SAV TERRAIN 6113
Preweaning photo of lot 25 with his dam.

"What an amazing experience this sale was! The volume of quality was unsurpassed, and you and your staff's honesty and availability enabled a confident selection process. You make great animals available for every budget, and getting to know the fellow customers is as impressive as the cattle. Your efforts are improving the breed and the business. I applaud your work. We came up for just a bull and heifer and our patience and discipline were rewarded early on in the sale order. We just couldn't pass up the values on many of our picks that came up later on, so we ended up with 5 heifers instead of "maybe 2". We are happy to have each of them and thrilled at the value of such good animals at so reasonable a price. Hanging out at the Bismarck airport on Sunday makes for great conversations. Most of the customers are as exited and satisfied as we are. Good job! Thank you."

- Joe Bush

- **SAV Terrain 6113 is super complete in every way and offers a balanced genetic and visual package to work in any top program. He started with a modest birth weight of 77 lbs. for a ratio of 93 and earned a 205-day weight of 924 lbs. His preweaning photos demonstrate his masculinity, muscle and early maturity which have made him a favorite all year long. A full sister is a top replacement bred heifer at SAV.**
- **His moderate, perfect-uddered dam by Net Worth is a model of efficiency. She is a consistent low birth weight producer, recording a birth ratio of 99 on 8 calves, along with exceptional fertility and docility. She has five progeny who have sold in past SAV sales to Ryan Aalderks, Bob Ballew, William Lee, True North Cattle and Buford Ranches.**

- SAV Award 6578 presents award-winning phenotype with style, muscle shape, thickness and correctness from every angle – it would be hard to design one any better. He broke the 900 pound barrier at 205-days and sports solid numbers across the board.
- His high maternal dam by Net Worth is a full sister to the elite donors, SAV Elba 8986, SAV Elba 8969 and SAV Elba 801. A daughter sold in the 2012 SAV Sale to Stan Johansen.
- His legendary grandam, SAV Elba 1094, is a million-dollar producer with 116 direct progeny in past SAV sales and 31 daughters retained in the SAV herd.

SAV SPECIAL AGENT 6573 - LOT 36

Renown bulls from the SAV Elba family...

SAV REDEEM 6587 - LOT 41

"The best group of bulls on test are the Renown's followed closely by the Momentums. There are a few very good Density bulls and Angus Valley sons. All of the Schaff bulls are doing well despite the months of hot dry weather we have experienced. When I get up every day and see the great Schaff bred cattle on our farm I am refreshed. I thank God that I can still work and I thank him for the cattle and the land. Also, I am thankful for Bob and Kelly."

- Larry Bramblett

SAV Recharge 3436 is the $80,000 second lead bull from the 2014 SAV Sale, featured at Select Sires AI Stud. He has gained attention and respect from breeders around the world for his dominating siring-ability and has earned a proven EPD profile that hits every target. He stamps his progeny with exceptional thickness, muscle, volume, natural fleshing-ability, along with superb structure and feet quality, large scrotal circumference and calm disposition – an all-around herd-improver.

Recharge is the result of the same proven and predictable mating that created Resource, Renown and many of the greatest young cows in the SAV program. He represents the best of the timeless Rito 707 performance lineage known for efficiency, natural fleshing-ability, thickness, muscle, superb structure, feet quality and authentic Angus breed character.

The dam of Recharge is the breed icon, SAV Blackcap May 4136, the most prolific and influential cow of the modern era. She is the #1 income-producing cow in SAV history, generating $5.6 million in progeny receipts. She has 55 daughters retained in the SAV herd and multiple herdsire sons.

The 2017 SAV Sale will feature 10 direct progeny of SAV Recharge 3436, as well as 23 full and maternal siblings.

SAV RECHARGE 3436

SAV RESOURCE 1441
This full brother to Recharge is the #1 semen revenue bull at Genex AI Stud.

SAV RENOWN 3439
This flush brother to Recharge was the lead-off bull in the 2014 SAV Sale and sired the lead-off sire group in the 2016 SAV Sale.

SAV BLACKCAP MAY 3502
This flush sister to Recharge is the heaviest 365-day weight female of her calfcrop and serves as an SAV embryo donor.

Recharge bulls from the herdsire-producing SAV Blackcap May family...

"Bob as usual did a masterful job of showing us the herd. Your focus on the cow, your customer, the total industry and the value of genetics make you the "leader of the pack" in my view. You pay attention to details, utilize generation turnover and apply the "tried and true" in so many practical ways. Your cattle, grass and people are an inspiration. We saw boundless excellent calves, extraordinary cows and a herd bull battery without equal. You do your customers proud as you do the industry."

- Glen Klippenstein

- Powerful flush brothers fortified with thickness, muscle, performance and power – compliments of Recharge and SAV Emblynette 7566. They are stout, durable and built for ranch country – the kind cattlemen want to own. Two flush sisters are retained in the SAV herd.
- Their dam is a world-class producer by Net Worth and comes from four consecutive generations of Emblynette Pathfinders. She records a weaning ratio of 109 on 3 calves and a progeny IMF ratio of 110 on 54 progeny scanned. She has 22 daughters retained in the SAV herd, 63 progeny in past SAV sales and 30 progeny in this event.
- Their fourth generation Pathfinder grandam continues in production at 20-years of age.

SAV Resource 1441 is the most popular, powerful, proven performance trait-leader in the Angus breed. He is the #1 semen revenue bull at Genex AI Stud and has garnered the respect and admiration of the entire Angus world. He represents the best of the timeless Rito 707 lineage and brings to the table the basics of efficiency and natural fleshing-ability, with thickness, muscle, masculinity, superb structure, feet quality and authentic Angus breed character. Resource consistently stamps his progeny with these hard to find attributes, along with excellent docility. His progeny have proven his ability to sire pounds in the right package and have earned him proven EPDs for weaning and yearling weight in the breed's top 1%. Resource sons have unprecedented performance and industry appeal, dominating sales across America. His daughters are making superb brood cows with high quality udders and abundant milk – earning his final mark of approval.

The dam of Resource is the breed icon, SAV Blackcap May 4136, who is the most prolific and influential cow of the modern era. She is the #1 income-producing cow in SAV history. She has 55 daughters retained in the SAV herd and multiple herdsire sons.

SAV Resource 1441 will continue his legacy at the 2017 SAV Sale with 85 direct progeny and 23 full and maternal siblings featured.

His dam

SAV BLACKCAP MAY 4136

The #1 income-producing cow in SAV history with $5.6 million in direct progeny sales. She has 55 daughters retained in the SAV herd and her sons include Resource, Renown, Recharge, Heritage, Universal, Pedigree, Seedstock, and Sensation.

SAV RESOURCE 1441

Resource in the breeding pasture.

SAV RANCH WORLD 5288

This Resource son was the second top-selling bull in the 2016 SAV Sale where he was the #1 205-day weight and 365-day weight bull of his calfcrop.

SAV REGARD 4863

The lead-off and top-selling Resource bull in the 2015 SAV Sale to Genex AI Stud and partners. He is among the heaviest used young sires in the SAV program.

SAV REAL PERFORMANCE 4876

The second top-selling Resource bull in the 2015 SAV Sale to Diamond J and Alta Genetics AI Stud. He is the top-performing bull from his entire calfcrop.

Thirteen flush sisters to Resource - making Angus history...

This tribe of 13 flush sisters have captured the attention of the Angus world with unmatched consistency in body type, broodiness, udder quality and productivity. They are flush sisters to Resource and full sisters to Renown and Recharge. They will play an important role in the future of the SAV program.

- **A congress of ten tremendous full brothers from the mating of Resource to the world-class producer, SAV Emblynette 7566. They are thick, deep, heavy-muscled beef bulls with natural fleshing-ability and profit-driving performance – built for the ranch world. A full brother, SAV Real World 4097, was selected by Orville Skogen as a lead-off and top-selling bull in the 2015 SAV Sale.**
- **Their productive dam by Net Worth comes from four generations of elite Pathfinders and is referenced on page 212. She records a weaning ratio of 109 on 3 calves and a progeny IMF ratio of 110 on 54 progeny scanned. She has 22 daughters retained in the SAV herd, 63 progeny in past SAV sales and 30 progeny in this event. She has produced multiple top-sellers and the heaviest weaning calves of multiple calfcrops.**
- **Their fourth generation Pathfinder grandam continues in production at 20-years of age as a testament to the longevity, fertility and productivity of the Emblynette family lineage.**

Rancher-approved Resource bulls from the SAV Emblynette family...

SAV ALL AMERICAN 6792 - LOT 72

"We are having tremendous luck with the bulls from the SAV program, wouldn't try and build a program with any other! We had a calfcrop from Resource, Ten Speed, Angus Valley and International calves that were all AI, along with other bulls we have bought from your sale. The calves look fantastic this year. The biggest and most uniform set we have ever had. Looking to take our program to the next level with more! Thanks for all your help as your bulls have completely changed our herd and we will continue too come up year after year! This year will be our 19th year attending!"

- Austin Herrboldt

SAV EMBLYNETTE 0494

Dam of lot 78 with SAV West Plains 2161, who was selected by Orville Skogen as the top-selling Final Answer bull in the 2013 SAV Sale.

- **This rancher bull by Resource is rugged, heavy-muscled and built to last. His trademark is his missing ears that were chewed off by coyotes during a spring blizzard – a real survivor!**
- **His powerful dam by Bismarck is the #1 yearling weight and #3 weaning weight female of her calfcrop. She produced three top-selling progeny in past SAV sales, including SAV West Plains 2161, who was selected by Skogen Livestock as the top-selling Final Answer bull from the 2013 SAV Sale. She is a flush sister to SAV Bullet 0473 and SAV Bullion 0474, the two heaviest actual weaning bulls of the 2010 calfcrop.**
- **His Net Worth grandam is the world-class producer, SAV Emblynette 7566, who ranks among the nine top income-producing cows in SAV history.**

SAV BULLET 0473

Maternal brother to lots 68-77 and flush brother to the dam of lot 78, selected by Peak Dot and Johnson Livestock as the heaviest actual weaning bull of the 2010 calfcrop.

SAV BULLION 0474

Maternal brother to lots 68-77 and flush brother to the dam of lot 78. He was selected by Enright Farms as the second heaviest weaning embryo bull of the 2011 calfcrop.

- **Five awesome flush brothers rightfully named. They are thick, stout, heavy-muscled beef bulls and bred to be that way. They blend the unmatched power and performance of Resource and Harvestor with the maternal quality of the Madame Pride family. They post EPDs for weaning and yearling weight in the breed's top percentiles and come highly recommended to ranchers who sell cattle by the pound.**
- **Their powerful dam by Harvestor is big-bodied, wide-based and solid as you can find. She serves as a sixth generation SAV embryo donor and has 13 progeny in this event. She is a flush sister to the all-time record-selling female in SAV history and to the herdsires, SAV Hopper Bottom 2144 and SAV High Yield 2152.**
- **Their 17-year-old grandam is the maternal matriarch and the second top income-producing cow in SAV history with 107 direct progeny in past SAV sales and has 38 direct daughters retained in the SAV herd.**

- This Resource bull packs incredible thickness, muscle, volume and fleshing-ability in a complete, moderate-framed package – the kind who will advance a cowherd in the right direction. He is maternally-charged from the Abigale family and sports outstanding EPDs across the board.
- His top-producing dam by Net Worth records a weaning ratio of 105 on 8 calves and never fails to bring home one of the best. She has 12 top-selling progeny in past SAV sales, including SAV Angus Stud 3072 at Alta Genetics AI Stud.
- His Pathfinder grandam, SAV Abigale 8213, is a full sister to the dam of Charlo and has 21 daughters retained in the SAV herd.

SAV ANGUS STUD 3072
Maternal brother to lot 106 at Alta Genetics.

Resource bulls from the SAV Abigale family...

SAV ATTRACTION 6311 - LOT 107

"Donna and I send our profound thanks for the tour of the cattle and the lunch. The cow herd is stunning in its quality and consistency. Seeing your herd bulls in their working clothes was an unexpected treat. The power of their muscling and sound feet, combined with unexcelled breed character is something I will not soon forget. Your generosity and kindness are deeply appreciated."

- Randy Bremer

SAV ABIGALE 5650
The record-selling maternal grandam of lot 107.

SAV FIELDMASTER 2181
Flush brother to the dam of lot 107. He was the second top-selling bull in the 2013 SAV Sale.

SAV RECRUIT 2855
Maternal brother to the dam of lot 107 and high-octane performance sire.

- **SAV Attraction 6311 is attractive in design and superior in structure with all of the extras. He is the fifth top yearling EPD and ribeye EPD bull in the entire offering. He broke the 900 pound barrier at 205-days and sports EPDs for weaning and yearling weight in the breed's top percentiles. A full brother was selected by Diamond J and Alta Genetics AI Stud as a top-selling feature of the 2016 SAV Sale.**
- **His productive dam by Harvestor is a flush sister to SAV Fieldmaster 2181, the second top-selling Harvestor bull from the 2013 SAV Sale. Her first replacement daughter earned an IMF ratio of 146 and REA ratio of 116.**
- **His beautiful grandam, SAV Abigale 5650, is the record-selling cow in SAV history featured on the front cover of the 2014 SAV sale catalog.**

SAV ABIGALE 4303
Flush sister to the grandam of lot 108.

- **A performance bull by Resource with extreme length, thickness, muscle and style. He is the third top ribeye EPD bull in the entire offering and excels in profit-driving EPD traits with the maternal backing to be a herd-improver. He had the misfortune of losing his dam to lightning in mid-summer so his individual performance is understated and thus he could be the best value in the entire auction.**
- **His top-producing Pathfinder dam records a weaning ratio of 108 on 6 calves and never fails to breed up early and bring home a top calf. Four progeny have highlighted past SAV sales.**

Resource bulls from the SAV Priscilla family...

"Thanks for your and Kurt's help. You make it a pleasure! The bull is every bit as good as you told me and maybe better. We are excited to have him as a part of our herd. I also wanted to thank you and Kurt for helping me out to find what I look for. After the last 2 years I know you don't sell a bull just to sell it. You have done a great job looking for bulls that I would buy if I was there in person. I am extremely happy and appreciate everything."

- JJ Quick

SAV Regard 4863 was the $180,000 lead-off and top-selling Resource bull in the 2015 SAV Sale to Genex AI Stud and partners. He was appreciated for his powerful thickness, expressive muscle shape, structural integrity and herdbull character, anchoring one of the most remarkable flushes in breed history. He was a top-performing bull of his calfcrop, earning a 205-day weight of 1076 lbs. and a 365-day weight of 1538 lbs. Regard's powerful first calfcrop vividly demonstrate his ability to transmit his phenotypic attributes to his progeny – they are thick, stout, muscular and heavy-weighing with superior soundness. Regard's top-performing progeny have earned him proven EPDs for weaning weight, yearling weight and ribeye in the breed's top percentiles.

His powerful dam, SAV Blackcap May 5530, has distinguished herself as an outlier in the Angus breed for her unique and unusual blend of muscle and maternal. She earned a weaning ratio of 108 on five calves and a weaning EPD in the breed's top 1%. She reigns among the six top income-producing cows in SAV history, generating $1.4 million in direct progeny sales. She has 23 daughters retained in the SAV herd and her many herdsire sons include: Priority, Brand Name, Regard, Robust, Cutting Edge, First Cut, Reproduction and Ignition.

The 2017 SAV Sale will feature 45 powerful first progeny by SAV Regard 4863 and 13 maternal siblings.

His Pathfinder dam

SAV BLACKCAP MAY 5530

The powerful, potent, productive Pathfinder dam of Regard, Cutting Edge, Priority, Brand Name, Robust, Reproduction and Ignition. She has breed-impacting influence, unsurpassed production ability and 23 daughters retained in the SAV herd.

SAV ROBUST 4858

This flush brother to Regard was selected by Sexing Technologies AI Stud as a top-selling feature of the 2015 SAV Sale.

SAV PRIORITY 7283

This maternal brother to Regard is a proven sire headliner at Genex AI Stud and Brockmere Farms.

SAV BRAND NAME 9115

This maternal brother to Regard is the top-selling lot 1 bull from the 2010 SAV Sale and sire of outstanding brood cows.

SAV CUTTING EDGE 4857

This maternal brother to Regard was the second top-selling bull in the 2015 SAV Sale and heavily used young sire.

Fantastic flush brothers by Regard from SAV Blackcap May 4136...

SAV NATIONAL GUARD 6852 - LOT 127

- SAV National Guard 6852 offers an outstanding genetic and visual package to be among the most intriguing herdsire prospects to sell. He is extra long-bodied and expressively muscled with superior soundness and structure. He earned a 205-day weight of 1004 lbs. and EPDs that place him near the front of the Angus population. His pedigree is intensely linebred to the best of the Blackcap May family – a double-shot of SAV Blackcap May 4136 combined with SAV Blackcap May 5530! It would be hard to find more potency and predictability than we have represented here.
- His dam is the #1 income-producing cow in SAV history. She is the dam of the multiple herdsires including: Resource, Renown, Recharge, Heritage, Revolution, Universal, Pedigree, Seedstock and Sensation.

- **SAV Guardsman 6238 is a long-bodied, deep-ribbed, well-muscled bull with extra scope and performance. He earned a 205-day weight of 961 lbs. for a weaning ratio of 105.**
- **His nice-uddered dam by Campbell is a forage-efficient outcross. A daughter is retained in the SAV herd and sons have sold to Ryker Sweat and Jeff Anderson as features of past SAV sales.**
- **His prolific grandam by Traveler 004 comes from five consecutive generations of SAV embryo donors.**

"Congratulations to you and your crew for doing a tremendous job in every detail. Everything was in order and presented in the very best way possible. I admire your efforts and capabilities. The cattle looked outstanding. Congratulations again for another outstanding sale with a standing room only crowd."

- Joe & Ruby Schaff

+2.4	+54	+15	+96	+1.38

SAV Registry 2831 is a multi-faceted sire who excels at the fundamental basics that make good cattle, while avoiding extremes. He was selected by Accelerated Genetics and partners as a $90,000 top-selling feature of the 2013 SAV Sale, where he scanned 365-day REA of 17.9 inches. He presents authentic Angus breed character, natural thickness, abundant muscle and superior foot quality, in a structurally fault-free package and readily transmits these attributes to his progeny. Registry brings a timeless performance lineage to a maternally-superior cow family, in a pedigree that is outcross to most bloodlines.

The dam of Registry is the maternal matriarch, SAV Madame Pride 0075, who continues to be a profit-center in the SAV herd at 17-years of age and is the second high income-producing cow in SAV history, generating $2.6 million in receipts from 107 direct progeny in past SAV sales and has 38 daughters retained in the SAV herd.

Registry's progeny include SAV Seedstock 4838, the $235,000 lead-off bull of the 2015 SAV Sale, SAV Sensation 5615, the $650,000 lead-off and top selling bull of the 2016 SAV Sale, as well as the two top-selling heifers in the 2016 SAV Sale.

SAV Registry 2831 is represented in the 2017 SAV Sale with 10 direct progeny and 32 maternal siblings featured.

His dam

SAV MADAME PRIDE 0075

The 17-year-old maternal matriarch of the SAV program with $2.6 million in direct progeny sales and 38 daughters retained in the SAV herd. Her influence is strongly represented and 32 direct progeny sell.

His sire

RITO 707 OF IDEAL 3407 7075

This now-deceased breed legend has propelled the best of the timeless Rito 707 performance lineage. His herdsire sons include Registry, Resource, Renown, Recharge, Rito 9969 and Eliminator. His influence is heavily represented throughout this sale offering.

SAV SEEDSTOCK 4838

This Registry son is the $235,000 lead-off bull from the 2015 SAV Sale.

SAV SENSATION 5615

This Registry son is the $650,000 lead-off and top-selling bull from the 2016 SAV Sale.

They are led by SAV Registration 6528, who is a big, deep-ribbed, attractive bull with majestic maternal presence – the kind to build a cowherd around.**
- **Their prolific, 15-year-old Pathfinder dam is the third top income-producing cow in SAV history with $1.7 million in direct progeny sales and 28 daughters retained in the SAV herd, including the legendary SAV Blackcap May 4136. Her AI stud sons include SAV Angus Valley 1867 at Genex AI Stud and SAV Brave 8320 at ABS Global.**

SAV EMBLYNETTE 1409
Flush sister to the dam of lot 161. She is the dam of SAV Instinct 4258 at Genex AI Stud.

SAV ELBA 1401
Dam of lot 162 and SAV Forefather 3024, the #1 205-day weight bull of the 2014 calfcrop.

SAV Reference Sire - SAV Seedstock 4838...

Featuring the first offering from this $235,000 lead-off bull of the 2015 SAV Sale...

"On behalf of all of us at Trans Ova, Cary and I want to say thank you for taking the time to share your successes with us yesterday. It was such a treat to see that many powerful animals at one operation! We are grateful to partner with SAV and wish you continued success."

- Owen Weikert
Trans Ova Genetics

SAV BLACKCAP MAY 4136

The Angus breed's most important genetic contributor and #1 income-producing cow in SAV history with $5.6 million in direct progeny sales. Her influence is heavily represented in this event.

SAV Seedstock 4838 is the $235,000 lead-off bull from the 2015 SAV Sale where he was admired for his superior structure and herdbull properties – both phenotypically and on paper. He posted a 205-day weight of 1025 lbs. and a 365-day weight of 1644 lbs. and scanned a 365-day REA of 17.1 inches. His pedigree uniquely blends the two all-time greatest maternal icons, SAV Blackcap May 4136 and SAV Madame Pride 0075. This identical mating produced SAV Sensation 5615, who was the lead-off and $650,000 top-selling bull in the 2016 SAV Sale.

The first calfcrop by Seedstock are standouts across the country and have put him on the fast track to stardom with their superb structure, award-winning phenotype and totally-complete design, coupled with modest birth weights. His daughters have beautiful maternal presence and the look of futuristic producers.

Seedstock's dam, SAV Blackcap May 4136, is the #1 income-producing cow in SAV history. She has 55 daughters retained in the SAV herd and her ever-growing list of herdsire sons include: Resource, Renown, Recharge, Heritage, Universal, Revolution, Pedigree, Seedstock and Sensation.

The 2017 SAV Sale features 50 fantastic first progeny by SAV Seedstock 4838 and 23 maternal siblings!

The $650,000 top-selling bull of the breed in 2016 and lead-off bull of the 2016 SAV Sale to Herbster Angus Farms. He is a calving-ease sensation with a curvebending EPD profile, a majestic maternal presence and commanding herdbull authority. He is the most popular and widely-used young bull in the Angus breed from the same predictable mating that produced the $235,000 SAV Seedstock 4838. His dam, SAV Blackcap May 4136, is the #1 income-producing cow in SAV history with $5.6 million in direct progeny sales and has 55 daughters retained in the SAV herd.

"Just wanted to thank you for the opportunity to tour your wonderful cowherd and learn more about your program. The udder quality, soundness and excellent phenotype of the herd was amazing. I was equally impressed with your management and how much you are in tune with every aspect of your operation. Really enjoyed visiting with Bob. He really seems to have a handle on the Schaff program. Again, thanks for your time and hospitality."

- Kevin O'Bryan

- **Flush brothers with herdbull phenotype and fortified with the very best maternal genetics in the Angus gene pool. They bring together the dominating maternal influence of SAV Madame Pride 5290 and SAV Blackcap May 4136 with a double-shot of SAV Madame Pride 0075. If you want to build an everlasting cowherd, these bulls need to be on your short list.**
- **Their powerful and prolific 12-year-old dam is a sixth generation SAV embryo donor and has 22 daughters retained in the SAV herd.**

SAV SHARP 6890 - LOT 180

"Thank you so much for allowing my wife Jamie and I the opportunity to tour and admire your tremendous cowherd and herd bull battery. I like to tell folks there is no substitute for "boots on the ground" when evaluating cattle. This was overly obvious during our time there. Your programs commitment of quality, shape, conformation and solid breed character is unparalleled! The performance and muscle is fantastic. In other words, your cattle look the way Angus cattle should look . . . only better. Again it was truly a great experience to see so many amazing animals in such quantities. Bob was a tremendous help and very knowledgeable. He and Cathy were most hospitable and gracious."

- Joseph McKellar

SAV STAMPEDE 6107 - LOT 186

Seedstock bulls from the SAV Elba family...

SAV SEMINAR 6124 - LOT 188

"In 2012 my wife and I along with two of our four children ventured to SAV and purchased SAV Brunswick 1100. His first calf crop came in the 2013-2014 winter calfcrop. We decided to enter six of his bull calves on a nearby Bull Test at the Clemson University Edisto Forage Bull Test. It is an all forage test, no grain. We are very proud of the way Brunswick's calves performed. There were 88 well-bred bulls in the test and the Brunswick calves came in 1st, 2nd, 3rd, 11th, 18th and 27th. Needless to say we are very proud of Brunswick. Thank you for all of your help."

- Lindy Sheppard
Sheppard Farms

SAV ELBA 1094
The breed icon behind lots 188-192.

SAV COUNTY ROAD 5209
Maternal brother to lot 188 selected by Beran Bros. as a top-performing bull from the 2016 SAV Sale.

SAV BRUNSWICK 1100
Maternal brother to lot 188 selected by Lindy Sheppard as a feature of the 2012 SAV Sale.

Seedstock bulls from the SAV Emblynette family...

SAV STATISTIC 6236 - LOT 194

"When this last set of SAV cows were delivered to us this morning the hauler had to drop them off at a neighbors place because we were working on our truck load out. David Cagle who manages our farm in Pulaski sent me an email this morning saying that your seven cows were making his truck feel like he was hauling 14. Needless to say he was very impressed with how they held their form on the long trip from your place to mine. I went down and looked at all the cows in Tennessee that we got from you this morning and I still love every single one. That is a really good feeling. Thanks again for all the help and we will see you in February."

- Orrin Ingram

- Recommended for heifers. Flush brothers fortified with calving-ease and maternal superiority. Their pedigree uniquely combines the breed icons, SAV Emblynette 3301, SAV Blackcap May 4136 and SAV Madame Pride 0075 – a masterful blending of the three most prominent cow families in SAV history.
- Their prolific dam is the model cow for the Angus breed, unmatched for broodiness and maternal function. She has 15 daughters retained in the SAV herd and 93 progeny highlighting past SAV sales, including the herdsires: Hesston, Momentum, First Prize, Mainstream, Cornerstone, Impact, Intent, Industry, Remington and Drover.

SAV EMBLYNETTE 3301
Dam of lots 197-198 and model cow for the Angus breed.

SAV SERVICE 6111 - LOT 199

" I am humbled and honored by your gracious comments. It was a long difficult but rewarding journey with my great friend Donald J. Trump. God delivered a miracle for AMERICA!!! I want to add what an honor it is to work with you, Kelly and the girls. We are all very passionate about breeding great cattle and giving our customers the best genetics in the world! I send you this tonight after spending the day at Trump Towers. It is 1:30 am and very difficult to sleep with the excitement of what will come for America in the next 4 years. The rural and small business leaders and families of this great nation saved AMERICA on Tuesday November 8th. God has prevailed!! The really hard work now begins!!!"

- Charles W. Herbster

SAV ROSETTA 7428
Pathfinder dam of lot 199.

SAV PARAMOUNT 0115
This maternal brother to lot 199 at Alta Genetics is the featured lot 1 bull from the 2011 SAV Sale.

SAV Pedigree 4834 is the $725,000 all-time world-record-selling bull at public auction, selected by Herbster Angus Farms from the 2015 SAV Sale. He brings pedigree excellence, phenotype, performance, EPDs and cow family strength together in perfect harmony. This athletic stunner presents calving-ease progeny who are stylish and smooth-patterned with added length and extra frame. His daughters have gorgeous femininity and striking maternal quality to become future trendsetters – the kind that rises to the top of the herd.

His legendary dam, SAV Blackcap May 4136, is the breed's most important and influential genetic contributor and the #1 income-producing cow in SAV history. She has generated $5.6 million in progeny sales on 149 direct sons and daughters who have sold in past SAV sales to cowmen in 25 states, Canada and Brazil. She has 55 daughters retained in the SAV herd and her ever-growing list of herdsire sons include: Resource, Renown, Recharge, Heritage, Universal, Revolution, Pedigree, Seedstock and Sensation.

The 2017 SAV Sale will feature 30 exciting first progeny by SAV Pedigree 4834 and 23 maternal siblings.

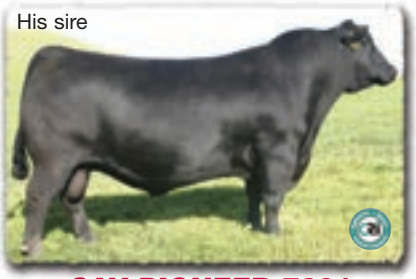

His dam

SAV BLACKCAP MAY 4136

The Angus breed's most important genetic contributor and #1 income-producing cow in SAV history with $5.6 million in direct progeny sales. She has 55 daughters retained in the SAV herd and her sons include Resource, Renown, Recharge, Heritage, Universal, Pedigree, Seedstock and Sensation. Her influence is heavily represented in this event.

His sire

SAV PIONEER 7301

The $65,000 top-selling bull from the 2008 SAV Sale. He is a proven Pathfinder Sire known for his outstanding daughters and great maternal traits. He is the sire of Pedigree, Platinum, Potential, Paramount, Pursuit, Purebred and many more.

Thank you to all those who attended the 2016 Schaff Angus Valley Sale!

- **Recommended for heifers. SAV Herdbook 6143 is an AI stud candidate with a fresh outcross calving-ease pedigree in tandem with the performance and maternal components to make a lasting contribution. He earned a 205-day weight of 961 lbs. for a weaning ratio of 105 and ranks among the four top milk EPD bulls in the offering. He represents everything we look for in an ideal breeding bull and deserves to be on your short list – he is on ours!**
- **His awesome, heavy-milking dam by Rito 7075 is deep-bodied and easy-fleshing with great feet and a superb disposition. She balances a birth ratio of 100 with a weaning ratio of 107 on 4 calves and should qualify as a Pathfinder. A daughter is retained in the SAV herd and sons have highlighted past SAV sales to Leo Bachmeier and Wolff Bros.**
- **His legendary grandam, SAV Elba 1094, records a weaning ratio of 106 on 6 calves. She has tallied $1.1 million in receipts on 116 direct progeny in past SAV sales and has 31 daughters retained in the SAV herd.**

SAV Cutting Edge 4857 is the $260,000 second top-selling bull from the 2015 SAV Sale where he was a phenotypic standout and crowd favorite. He is a performance powerhouse, earning a 205-day weight of 1032 lbs. and a 365-day weight of 1643 lbs. His first progeny have surpassed expectations and have captured the attention of the Angus world with their stunning phenotypic quality and breed-leading performance – raising the bar to a whole new level!

His Pathfinder dam, SAV Blackcap May 5530, has distinguished herself as an outlier in the Angus breed for her unique and unusual blend of muscle and maternal. She earned a weaning ratio of 108 on 5 calves and a weaning EPD in the breed's top 1%. She reigns among the six top income-producing cows in SAV history, generating $1.4 million in direct progeny sales. She has 23 daughters retained in the SAV herd and her many herdsire sons include: Priority, Brand Name, Regard, Robust, Cutting Edge, First Cut, Reproduction and Ignition.

The 2017 SAV Sale features 85 phenomenal first progeny by SAV Cutting Edge 4857 and 15 full and maternal siblings.

SAV CUTTING BAR 6097 - LOT 230

SAV INTERNATIONAL 2020
Maternal brother to lots 230-236 and top-selling lot 1 bull from the 2013 SAV Sale.

- **Recommended for heifers. Seven full brothers fortified with calving-ease and maternal value. They result from the mating of Cutting Edge to the elite fifth generation Pathfinder, SAV Emblynette 5483.**
- **Their legendary Pathfinder dam balances a birth ratio of 95 with a weaning ratio of 104 on 8 natural calves. She is the top-selling female in the 2016 SAV Sale where she was featured on the front cover of the sale catalog and is the dam of SAV International 2020 and the 2016 National Angus Foundation Heifer. She reigns as the fourth top income-producing cow in SAV history and has 14 daughters retained in the SAV herd.**
- **Their prolific grandam served the SAV program for 19-years as a testament to the longevity, fertility and productivity of the Emblynette family lineage and has 24 daughters retained in the SAV herd.**

"I just wanted to send you a quick note to say thanks for treating Jason, David and me so nicely last week when we came to look at the cattle in your sale. It was a real treat for me to see so many really nice looking animals. The time you spent to help answer our questions was also very much appreciated. In fact, you really got me excited about SAV Emblynette 5483 when I had scratched her off our list due to her age and what we were expecting her to bring. I really liked her looks and you caused me to re-think my economics. We still fell short, but gave it a hard push. I enjoyed dealing with you and your team, managed to still buy some great stock and look forward to getting to know your better in the future."

- Orrin Ingram

SAV EMBLYNETTE 5483
Pathfinder dam of lots 230-236 and grandam of lot 237.

SAV CLEAN CUT 6048 - LOT 237

"January 13, 2016, was truly a banner day for the Angus Foundation and the Angus family with your generous charitable donation of the elite Angus heifer, SAV Emblynette 5368, from your nationally recognized Schaff Angus Valley program, selling at public auction for the very humbling final bid of $230,000. These proceeds will play a crucial role in our organization's mission of funding education, youth and research for the advancement of the Angus breed and beef cattle industry! On behalf of the Angus Foundation, I want to thank you for making this an overwhelming success."

- Milford H Jenkins

SAV EMBLYNETTE 5368

SAV PRIME CUT 6098 - LOT 243

- **Seven sensational full brothers with sky-is-the-limit potential from the mating of Cutting Edge to SAV Blackcap May 1433. They bring stellar phenotype, performance, pedigree and EPDs together in perfect fashion and are uniquely linebred to the best of the SAV Blackcap May family that leads the breed in the production of AI stud sires.**
- **Their phenomenal dam is from the historic flush that produced SAV Resource 1441. She is a herd favorite with impeccable body type and udder quality. She records a weaning ratio of 106 on 4 calves and serves as a fifth generation SAV embryo donor. She has four daughters retained, four top-selling progeny in past SAV sales and eight progeny in this event.**
- **Their grandam, SAV Blackcap May 4136, is the Angus breed's most important genetic contributor and the #1 income-producing cow in SAV history with $5.6 million in direct progeny sales. She has multiple herdsire sons and 55 daughters retained in the SAV herd.**

"First I want to take this opportunity to "congratulate" each and every one of you for a job "well done" and your part in the fabulous sale held on Saturday. This is no less than a miracle. I've been trying to come up with the right words or lingo, but that is almost impossible, there are so many adjectives that can be used, but none can fully describe this sale event such as excellent, exceptional, great, one of a kind, professional, super, fantastic, successful, unsurpassable, powerful, exciting, intriguing, superior, awesome, and tremendous and the list goes on. Kelly I want to especially "Congratulate" you, there are only a very few people that could possibly make this happen. I also know it takes outstanding management on your part to put the mechanics together to make it work. I am very proud of your successes, there is hardly an ad or catalog in the country that does not mention Schaff Angus breeding or bloodlines. Along with success comes lots of responsibility and influence. I know there are many challenges, but you have proved that you can manage them. Keep up the good work. Congratulations again on your worldwide recognition and achievements."

- Joe Schaff

Cutting Edge X SAV Blackcap May 1433...

SAV PREMIUM CUT 6046 - LOT 244

"Schaff Angus Valley – Now that was fun. I just got back to my motel in Fargo and am still jazzed up. You two made me remember why I came to love the purebred Industry so much. It took a tour of Schaff Angus Valley to get the fire rekindled.! Your cattle are terrific, the nine generations deep genetic package is quite rare, the humbleness you have for having achieved such great business success is refreshing and of course the enthusiasm for Angus is off the charts. I just wanted to share my appreciation for both of you. Thanks again for creating an afternoon I will remember with fondness."

- Jay Carlson

SAV BLACKCAP MAY 4136
The #1 income-producing cow in SAV history. She is the maternal grandam of lots 242-255.

SAV MAY 2397
The prolific Pathfinder from whom lots 238-255 descend.

SAV PRICE CUT 6059 - LOT 245

SAV PERFECT CUT 6322 - LOT 246

"Thanks for taking the time to give us such a fantastic tour and for the excellent lunch. It was a great experience and nice to see the cows in the flesh. We look forward to growing and improving out herd with the addition of your genetics. I have attached a picture of SAV Blackcap May 4004 with her heifer calf (we think she is pretty impressive). Borden and Tucker think that they will try 4-H this year and say that she is their pick to show."

- Terry, Rachelle, Borden and Tucker Sunderland

Maternal grandam of lot 267.

SAV WIDE CUT 6081 - LOT 268

"Just have to say again how appreciative I am for yours and Bob's hospitality for taking time out of your day to show me around your ranch personally. It was an amazing experience and I was absolutely astounded the entire day from the quality of your cattle, and it's made me excited and hopeful for my future with my Angus herd. Thank you again and looking forward to the upcoming sale and doing business with you."

- Kevin Deleu

SAV International 2020 is the $400,000 record-selling lot 1 bull from the 2013 SAV Sale. He has made it to the pros and become one of the highly respected sires in the Angus breed. He is an ideal beef bull – thick, heavy muscled, stout-rumped, perfect-footed with power, performance and superior structure.

International progeny have tremendous consistency and are stamped with incredible thickness, muscle, stoutness and breed-leading performance. They are standouts at a young age and rise among the top of their calfcrops everywhere he is used. His first sons led off the 2015 SAV Sale where they scanned a remarkable average 365-day ribeye of 16.6 inches and his second crop of sons comprised the largest sire group in the 2016 SAV Sale where they were favorites of commercial cowmen.

His fifth generation Pathfinder dam, SAV Emblynette 5483, is the $250,000 top-selling female in the 2016 SAV Sale. She balances a birth ratio of 95 with a weaning ratio of 104 on 8 calves. She combines femininity, superb body-type, udder quality and ideal foot structure, with fertility, longevity and maternal productivity. She reigns among the four top income-producing cows in SAV history with $1.7 million in direct progeny sales. She has 14 daughters retained in the SAV herd and another was the 2016 National Angus Foundation Heifer.

The 2017 SAV Sale features 82 direct progeny of SAV International 2020 and 13 maternal siblings!

His Pathfinder dam

SAV EMBLYNETTE 5483
The fifth generation Pathfinder dam of International and the featured top-selling female in the 2016 SAV Sale to Premier Breeders. She has generated $1.7 million in direct progeny sales and has 14 daughters retained in the SAV herd. Her influence is strongly represented in this event.

SAV EMBLYNETTE 5368
The 2016 National Angus Foundation Heifer and full sister to International.

SAV UNIVERSAL 4038
The featured lot 1 and top-selling International bull in the 2015 SAV Sale to Payne Angus.

SAV INTENSE 4304
This International son scanned the largest ribeye in SAV history at 20.6 inches and was selected by Sexing Technologies as a feature of the 2015 SAV Sale.

SAV INSTITUTE 4281
The second top-selling International bull in the 2015 SAV Sale to Frey Angus Ranch and CRV AI Stud.

SAV INSTINCT 4258
This International son was selected by Genex AI Stud, Albrecht and Penz Angus as a feature of the 2015 SAV Sale.

Flush brothers by International from SAV Madame Pride 0075...

SAV AMBASSADOR 6808 - LOT 294

SAV MADAME PRIDE 0075
Dam of lots 294-299 and grandam of lot 300.

- **An opportunity for the Angus world to access six tremendous flush brothers from the mating of International to the maternal matriarch, SAV Madame Pride 0075. They are big, powerful performance bulls with herdbull phenotype – bred to make an impact. Full siblings were among the most popular and top-selling lots in the 2016 SAV Sale, including SAV Idol 5582, SAV Icon 5583 and SAV Intern 5575.**
- **Their prolific dam continues in production at 17-years of age and is the second top income-producing cow in SAV history with $2.6 million in direct progeny sales. She has 38 daughters retained in the SAV herd, 107 progeny featured in past SAV sales and 32 progeny in this event. Her herdsire sons include: Registry, Response, Hopper Bottom, High Yield, St. Anthony, Real Pride, Sunrise, Sunset, Rising Star, Rising Sun and Risen.**

"We have SAV Replica, SAV Referee, and our Platinum bull all turned out with cows on April 10th. SAV Idol spent a little time at Origen in Billings getting collected but now he is out with 20 head. He still looks really good and is a nice bull to handle. Jared Murnin, who manages Origen, told us he was the crowd favorite from the visitors who toured through the bulls. The Replica, Referee, and Registry calves we have on the ground are really taking off. We are pleased with offspring from the bulls we purchased from you."

- Brian Nansel

SAV ICON 5583
Full brother to lots 294-299 selected by Lennick Ranch from the 2016 SAV Sale.

SAV EMBASSY 6812 - LOT 295

"It's Walt Dickson from Loudon County 4-H livestock judging team who visited last week. We sure enjoyed it. I absolutely loved the International daughters in the pasture with Sensation, so maternal and fertile and flawless in their skeletal design, the best I've seen. The bull calves in all pastures were awesome and guarantee you all another great sale. Resource, Cutting Edge, Sensation all great, but I liked International the best, just a tick larger framed, perfect skeleton, especially on the move. Our state champion team will represent Tennessee at Louisville in the national contest and they loved the tour of your place." - Walt Dickson

SAV REGISTRY 2831

- **An athletic stunner by International with size, length and muscle – will sire the kind of feeder calves the industry craves.**
- **His feminine, broody, heavy milking dam by Mandan records a progeny IMF ratio of 119 on 5 progeny scanned. She serves as a six generation SAV embryo donor. Two daughters are retained in the SAV herd and four progeny have highlighted past SAV sales. A son, SAV Full Bloom 3250, was selected by Orville Skogen as the top-selling Harvestor bull in the 2014 Sale.**

SAV MADAME PRIDE 9983
Dam of lot 305.

Flush brothers by International from SAV Emblynette 3301...

SAV INSPIRE 6836 - LOT 306

SAV EMBLYNETTE 3301
Dam of lots 306-312.

- **Flush brothers with beef and balance from the predictable mating of International to the model cow for the Angus breed, SAV Emblynette 3301. They are the kind to advance a cowherd – bred to produce and built to last. This mating is no accident as it is responsible for many of the highly sought after bulls in the 2016 SAV Sale, including SAV Impact 5595, SAV Intent 5590 and SAV Industry 5588.**
- **Their prolific dam served the SAV program for 13-years. She reigns as the fifth top income-producing cow in SAV history with $1.5 million in receipts from 93 direct progeny who sold in past SAV sales and 15 daughters are retained in the SAV herd. Her multiple herdsire sons include: Hesston, Momentum, First Prize, Mainstream, Cornerstone, Remington and Drover.**

SAV INTENT 5590
Full brother to lots 306-312 selected by Gordon Resources and Bakers LeMar Angus as the co-top-selling International bull in the 2016 SAV Sale.

SAV IMPACT 5595
Full brother to lots 306-312 selected by Albrecht and Penz Angus as the #1 205-day weight embryo bull in the 2016 SAV Sale.

SAV INDUSTRY 5588
Full brother to lots 306-312 selected by Brookhaven Farm as a feature of the 2016 SAV Sale.

- **An attractive, April bull by International with superb conformation and cow family strength for generations.**
- **His Pathfinder dam ranks among the top milk EPD cows in the SAV herd and records weaning ratio of 104 on 5 claves. She serves as a fifth generation SAV embryo donor. Four sons have been top-selling features in past SAV sales to Delmar Nesland, Charlie Belcher, Raymond Saunders and Lynn Ritz.**
- **His prolific grandam, SAV Erica 4419, continues in production at 13-years of age.**

International bulls from the SAV Elba family...

"We have continued to establish our quality females using your genetics, and will continue in the future. We now have the cows from the Elba, Abigale, Blackcap May, and Priscilla families. The bulls that have influenced our calves are Iron Mountain, Priority, Renown, and Cutting Edge. We feed cattle out also and International was the bull of choice for us last year, and the steers they have produced are phenomenal. We have used Resource, Recharge, Ten Speed, and Sensation this year and can't wait to see the calves. Thank you for being a leader in the Angus breed at improving genetics in the Angus breed year after year."

-Chris Basham

SAV Hesston 2217 has proven himself as a superior breeding bull who will make a lasting contribution. He is among our favorite sires and consistently delivers the type and kind of cattle we strive to produce. His sons are consistently thick, deep, easy-fleshing bulls with plenty of performance and superior soundness – built for the cowman and built to last. His daughters are especially impressive with extra femininity, volume, softness and fleshing-ability to make outstanding brood cows. Hesston was selected by ZWT and DeBusk as the $130,000 featured lot 2 bull from the 2013 SAV Sale.

The remarkable dam of Hesston, SAV Emblynette 3301, is the model cow for the Angus breed unmatched for broodiness and maternal function. She has 15 daughters retained in the SAV herd and multiple herdsire sons to her credit. She reigns among the five top income-producing cows in SAV history with $1.5 million in direct progeny sales.

The 2017 SAV Sale will feature 15 direct progeny of SAV Hesston 2217 and 18 maternal siblings.

His dam

SAV EMBLYNETTE 3301

The model cow for the Angus breed, unmatched for broodiness and maternal function. She ranks among the five top income-producing cows in SAV history and is the dam of Hesston, Momentum, Mainstream, First Prize, Cornerstone, Remington and Drover. Her influence is heavily represented.

SAV EMBLYNETTE 7319

The prolific Pathfinder grandam of Hesston and one of the most influential cows in SAV history.

SAV MADAME PRIDE 0290

SAV Harvestor 0338 is a true breed-changer and performance powerhouse. He has no equal among all proven sires in the Angus breed for adding growth, performance and real beef value, documented in many large commercial herds. Harvestor was selected by Herbster Angus Farms as the $275,000 top-selling bull from the 2011 SAV Sale. His first progeny won the hearts of the Angus world as the top-performing, top-scanning, record-selling sire group in Angus breed history at the 2013 SAV Sale, where they included both the record-selling bull and female. Harvestor progeny are stamped with breed character and built right from the ground up – ideal in their structure, with length, thickness, volume and expressive muscle shape. His sons are loaded with performance and substance, while his daughters are feminine with beautiful udders and are making top production cows.

The dam of Harvestor is a heavy milking, productive, Net Worth daughter, earning a weaning ratio of 113 on 3 calves. She was the record-selling cow in the 2012 SAV Sale, where her daughter was top-selling heifer. The prolific Pathfinder grandam of Harvestor served in the SAV program for over 17-years as a testament to the longevity, fertility and productivity of her maternal lineage.

Harvestor progeny are always favorites among real-world commercial cattlemen who sell pounds for a living. The 2017 SAV Sale will feature 32 direct progeny and his valuable influence.

His dam

SAV EMBLYNETTE 7749
The record-selling cow in the 2012 SAV Sale to Herbster Angus Farm. She records a weaning ratio of 113 on 3 calves.

Charlo was selected to join the SAV sire lineup as a truly unique and proven sire with destiny to become one of the most popular and influential sires the breed has ever known. No other sire in history has been identified to combine proven calving-ease with his degree of thickness, fleshing-ability, carcass quality and authentic Angus type. In addition, Charlo is a large scrotal, highly fertile sire with superior semen quality and excellent libido. He is a featured member of the Accelerated Genetics AI Stud, combining phenotypic strength with a stellar maternal heritage and proven siring-ability. Charlo is backed by the time-tested sire lineage that traces to Basin Rainmaker 654X, the legendary high maternal Pathfinder Sire who is the most impacting sire ever imported to Argentina.

Charlo's $50,000 valued dam is a full sister to the famous Pathfinder SAV Abigale 8213 and from the same family as SAV Bismarck 5682, SAV Mandan 5664, SAV Adaptor 2213 and SAV Eliminator 9105. His maternal grandam is the high income-producing SAV Abigale 6062, who ranks as the breed's # 1 Ribeye EPD cow of her generation, more than two decades after her birth, with 94 progeny evaluated by ultrasound.

Charlo progeny will be highlighted in the 2017 SAV Sale and include the # 1 205-day weight bull of the 2016 calfcrop and the most valuable flush in SAV history with enormous future potential.

His dam

BOHI ABIGALE 6014
This maternal beauty is the dam of Charlo and is a full sister to the iconic Pathfinder, SAV Abigale 8213.

BASIN RAINMAKER 654X
This legendary high maternal Pathfinder Sire is the most impacting sire ever imported into Argentina. He is the paternal great grandsire of Charlo.

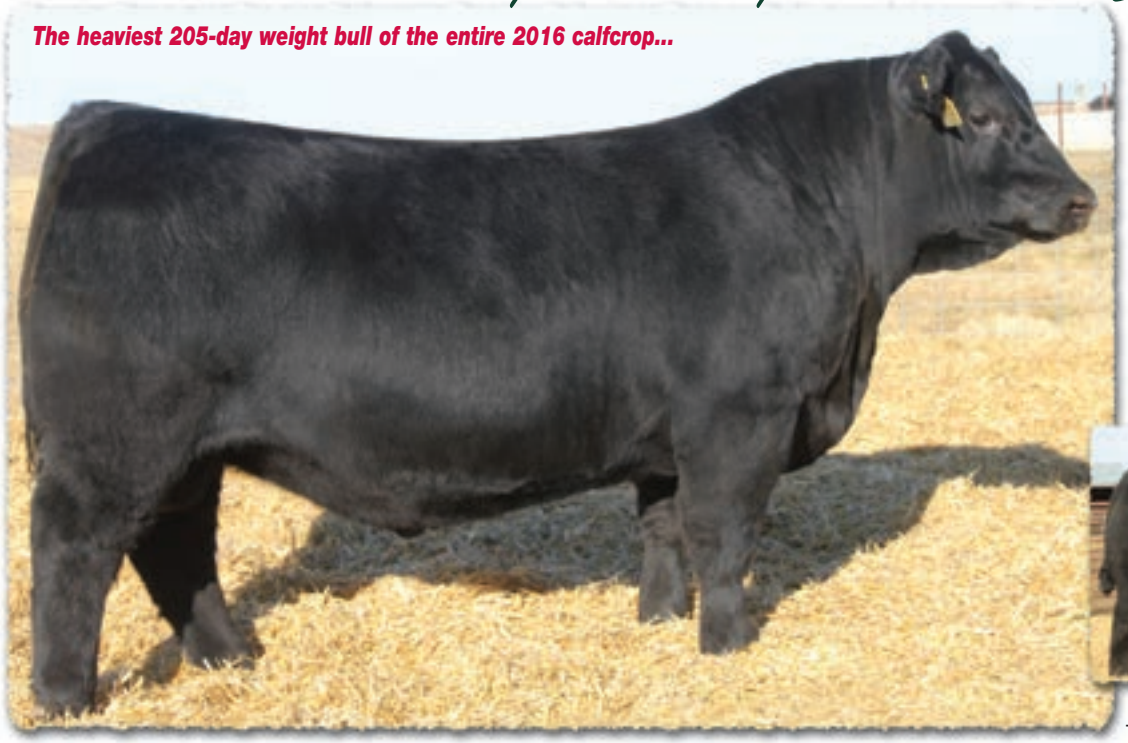

SAV ABIGALE 8213
Pathfinder full sister to the dam of Charlo.

SAV ABIGALE 6062
The high-income-producing third dam of Charlo.

- **A landmark flush with credentials to write a whole new chapter in Angus history, from the mating of Charlo to SAV Blackcap May 4136. They have garnered as much interest and enthusiasm as any flush to date with their dominating phenotype, superior conformation and outlier thickness, muscle shape, capacity and pounds. They blend this in perfect harmony with a fresh pedigree, proven outcross calving-ease genetics and the greatest maternal cow identified in the Angus breed. This flush includes: lot 366 who is the heaviest 205-day weight bull of the entire 2016 calfcrop, lot 367 who is the second heaviest weaning embryo bull and lot 359 who is the lowest birth EPD bull. These bulls will highlight the entire 2017 sale season and reestablish the highly-favored and respected Rainmaker sire lineage.**
- **Their legendary dam, SAV Blackcap May 4136, is the Angus breed's most important genetic contributor and #1 income-producing cow in SAV history with $5.6 million in direct progeny sales. She has 149 progeny who have sold in past SAV sales and 55 daughters retained in the SAV herd. Her herdsire sons include: Resource, Renown, Recharge, Heritage, Universal, Revolution, Pedigree, Seedstock and Sensation.**

- **A major sale headliner and genetic powerhouse with breed-impacting potential. He is an absolute stud – loaded with muscle, volume and pounds from front to back and as stout and powerful as you can build one. He earned a 205-day weight of 1023 lbs. for a weaning ratio of 112, ranking among the six top-indexing bulls of his calfcrop. His fresh outcross pedigree and outstanding EPD profile complete a perfect herdbull resume.**
- **His heavy-milking, top-producing dam by Rito 9969 records a weaning ratio of 112 on 3 calves and will qualify as a Pathfinder. She is the #1 marbling female of her calfcrop. A daughter is retained in the SAV herd and a son sold to Blubaugh Angus Ranch in the 2015 SAV Sale.**
- **His legendary grandam, SAV Elba 1094, has 116 progeny highlighting past SAV sales and 31 daughters retained in the SAV herd.**

This one-of-a-kind sire is a valued breeding tool in the SAV sire lineup, backed by linebred predictability to consistently transmit exceptional length and balance with explosive vigor and outlier docility. He combines this with moderate birth weight, high marbling and beautiful daughters who excel in udder quality and are designed for longevity.

XXP is the ultimate product of years and generations of strategic genetic selection, with a 28.9% inbreeding co-efficient from a sire/daughter mating by the proven Pathfinder Sire, N Bar Emulation EXT, who is the most widely used sire in breed history. His Pathfinder dam earned a strong herdbull-producing track record and is pictured here at 18-years of age. His maternal grandam is also a Pathfinder dam and is a maternal sister to N Bar Primrose 2424, the famous matriarch who appears twice in XXP's immediate pedigree.

The progeny of XXP display distinct length of spine, levelness of hip and front-end extension and have earned him an impressive progeny weaning ratio of 102 and a progeny yearling ratio of 103 across the industry, along with a progeny IMF ratio of 106 combined with a strong Carcass Weight EPD advantage and Docility EPD which both rank in the breed's upper percentiles.

The intriguing first progeny of XXP at SAV will be showcased in this event with anticipation of more to come.

His Pathfinder dam

N BAR PRIMROSE Y3051

The second generation Pathfinder dam of XXP pictured at 18-years of age.

SINCLAIR EMULATION XXP

Displaying XXP's quiet temperament, Jeff Ward and XXP both take an afternoon break.

Thank you to all visitors to Schaff Angus Valley last summer!

SAV Reference Sire - SAV West River 2066...

Outstanding blend of calving-ease and docility with superb structure and real-world functionality...

20 PROGENY AND MATERNAL SIBLINGS SELL!

"I have enclosed information on 2 bulls that I have consigned to the Denver Sale. They are both out of cows that carry your breeding. The Brilliance daughter is a really attractive young cow (She was my daughter's last show heifer). The Final Answer cow is a powerful brood cow. She is really correct and feminine with a perfect udder. Your bulls have done an excellent job on the Quirk cow herd. I just thought you might like some feedback on how your genetics are impacting some of your customers."

- David Walker
Quirk Land & Cattle Co.

SAV West River 2066 is a proven calving-ease sire selected by Genex AI Stud and partners as the $100,000 top-selling low birth bull in the 2013 SAV Sale. His ability to sire low birth weight progeny with all the extras puts him in a league of his own. His gentle-natured progeny are thick, deep-bodied, easy-fleshing and functional in their design. They perform admirably and will serve all aspects of the industry well. West River's pedigree blends the two calving-ease icons, Bismarck and Final Answer, offering a high degree of predictability.

His dam, SAV Emblynette 0491, is an elite low-birth producer by Final Answer. She balances a birth ratio of 95 with a weaning ratio of 104 on three calves and served in the SAV embryo program along with her dam and 20-year-old Pathfinder grandam. The grandam of West River, SAV Emblynette 7566, is a world-class producer with a weaning ratio of 109 on 3 calves and has 57 progeny scanned with an IMF ratio of 110. She ranks among the nine top income-producing cows in SAV history and has produced the heaviest weaning bull and heifers of multiple calfcrops.

SAV West River 2066 is represented in the 2017 SAV Sale with 20 progeny and maternal siblings selling.

His dam

SAV EMBLYNETTE 0491

This phenomenal Final Answer daughter is a pinnacle source of calving-ease genetics coupled with fertility, longevity and maternal value.

SAV EMBLYNETTE 7566

Maternal grandam of West River. One of the most productive and important contributors to the SAV program and to the 2017 sale offering.

SAV Angus Valley 1867 is the $200,000 lead-off bull from the 2012 SAV Sale and a highly proven calving-ease sire at Genex AI Stud. He carries the namesake of the SAV program and is backed by the best of the Blackcap May family that was established at SAV in 1945 and leads the breed in the production of AI stud sires.

The progeny of Angus Valley in a vast number of herds have proven him as a consistent early gestation, calving-ease sire who transmits growth, performance and eye-catching style. He is an excellent candidate for use on virgin heifers. His first daughters in production are extra feminine with high quality udders.

His 15-year-old Pathfinder dam, SAV May 2397, has been a stellar producer. She has six sons working in AI studs, 28 daughters retained in the SAV herd and 97 progeny highlighting past SAV sales. She is the third top income-producing cow in SAV history. A daughter, SAV Blackcap May 4136, is the #1 income-producing cow in SAV history and dam of multiple herdsires.

SAV Angus Valley 1867 is well-represented in this sale with 25 progeny and maternal siblings selling.

SAV BLACKCAP MAY 1803

Flush sister to SAV Angus Valley 1867.

Thank you to all those who visited Schaff Angus Valley during the 2016 ND Stockman's Tour

Angus Valley bulls from the SAV Madame Pride family...

SAV ANGUS PRIDE 6421 - LOT 392

"Thank you for showing me your cowherd and taking the time to talk about your philosophy on breeding cattle. The idea of breeding excellent cattle to increase the average genetic quality is simple, but surprisingly rare and by following that principle (among others) you have made a herd of great ones."

- Caleb Mehlhoff

He earned a 205-day weight of 1043 lbs. for a weaning ratio of 114, ranking among the four top-indexing bulls of the entire 2016 natural calfcrop. He is as good phenotypically as he is on paper – stylish, long, deep, smooth and full of muscle.**
- **His nice-fronted, moderate, easy-fleshing dam by Rito 9969 sports a perfect udder. She records a weaning ratio of 107 on 3 calves and should qualify as a Pathfinder. A daughter is retained in the SAV herd and a son sold in the 2015 SAV Sale to Lynn Fisher.**
- **His grandam, SAV Emblynette 3301, is the model cow for the Angus breed and served the SAV program for 13-years.**

SAV HESSTON 2217
Maternal brother to the dams of lots 394-395, selected by ZWT and DeBusk as the featured lot 2 bull from the 2013 SAV Sale.

SAV MOMENTUM 9274
Maternal brother to the dams of lots 394-395. Selected by Bramblett and Britt Farms as the top-selling Net Worth bull from the 2010 SAV Sale.

SAV FIRST PRIZE 3642
Maternal brother to the dams of lots 394-395, selected by ZWT Ranch as a top-selling feature of the 2014 SAV Sale.

SAV MAINSTREAM 3643
The top-selling Mustang bull in the 2014 SAV Sale to ZWT Ranch. He is a maternal brother to the dams of lots 394-395.

SAV Reference Sire - SAV Final Answer 0035...

Monumental Pathfinder Sire who has led the Angus breed for registrations...

HIS INFLUENCE AND PROGENY SELL!

"I bought a Final Answer x New Day heifer at your sale a few years ago. That was the most I had ever paid for an animal and she is worth every penny and then some. I already have her calf on the ground and we will be flushing her shortly."

- Rick Podzimek

SAV Final Answer 0035 is a universal breed icon and legendary Pathfinder Sire selected as the co-top-selling bull from the 2001 SAV Sale. He is the industry standard for proven and reliable calving-ease, balanced in all areas of economic importance and known for siring problem-free cattle that are adaptable and favorable in all regions of the world. Final Answer has led the Angus breed for annual registrations and ranked among the top ten sires for the past eight consecutive years to date. He annually sold the most total units of semen for Genex AI Stud for six consecutive years and produced his 500,000th straw of semen on July 25, 2013.

Final Answer served the industry for 14½ years and now-deceased has his head permanently mounted at the American Angus Hall of Fame. His continues to impact the breed with his progeny and influence. His legacy is continued by his many herdsire sons, including Pioneer and Priority, who have joined him among the breed's leading sires for annual registrations. The 2017 SAV Sale will feature valuable direct progeny and vast influence of this legendary sire.

His son

SAV PIONEER 7301

The $65,000 top-selling bull from the 2008 SAV Sale and a breed-leading sire for registrations. He is a proven multi-faceted sire with widespread appeal.

His son

SAV PRIORITY 7283

This proven sire at Genex AI Stud and Brockmere Farms has seen widespread use around the globe. His sons include SAV Property 3121 and SAV Privilege 3030.

The 2016 Canadian Agribition Grand Champion Bull sired by SAV Harvestor 0338.

The 2016 Canadian Agribition Grand Champion Female with bull calf at side by SAV International 2020.

The 2016 Canadian Agribition Reserve Grand Champion Bull sired by SAV International 2020.

The 2016 Canadian Agribition Reserve Grand Champion Female by SAV Wall Street 7091 and calf at side by SAV International 2020.

Congratulations to the exhibitors of these 2016 Canadian Agribition Champions. We commend your success with SAV genetics!

The best in calving-ease by the immortal SAV Final Answer 0035...

- Recommended for heifers. SAV Finalist 6702 combines five star calving-ease with visually stunning phenotype. He is super-fronted, stylish, thick, loaded with muscle, square-hipped and perfect in his structure – one of the greatest sons of the legendary Final Answer to date. He started with a low birth weight of 68 lbs. and earned a 205-day weight of 948 lbs. for a weaning ratio of 110, as his dam's first calf.
- His awesome 2-year-old dam by Angus Valley is feminine, deep-bodied with exceptional milking ability.
- His powerful grandam by Net Worth is a third generation SAV embryo donor. She has five daughters retained in the herd and seven progeny highlighting past SAV sales.

His Pathfinder sire

SAV FINAL ANSWER 0035

The universal breed icon and legendary Pathfinder Sire who has led the Angus breed for registrations. He served the industry for over 14-years and now-deceased, has his head mounted at the American Angus Hall of Fame.

Capitalist is an industry leader, proven to be a very complete sire whose calving-ease progeny cover all of the bases – thickness, base-width, soundness and scrotal size, in a stylish, moderate-framed, efficient, easy-fleshing package.

Capitalist was the $120,000 second top-seller of the 2011 Connealy Sale and serves as one of the most popular members of the Select Sires AI Stud, currently ranking among the top ten sires in the Angus breed for annual registrations. He has proven to be one of the very top breeding sons of the record-setting Genex Pathfinder Sire, SAV Final Answer 0035, and is from a top production dam by the Pathfinder Sire, Bextor.

Capitalist sired a consistent, high quality set of sons and daughters at SAV including a top-notch set of calving-ease bulls who will highlight this event, along with daughters who display serious brood cow potential. 50 direct progeny will be featured.

Thank you to all visitors to Schaff Angus Valley last summer!

- Recommended for heifers. SAV Catalyst 6704 will rival any true low birth weight bull to sell this year. He is phenotypically outstanding and complete as you can build one – masculine, loaded with thickness, volume and expressive muscle shape in a perfect-structured package. His gentle disposition, superior feet quality and large scrotal are added features. He earned a 205-day weight of 905 lbs. for a weaning ratio of 105, as his dam's first calf.
- His awesome 2-year-old dam by Angus Valley is feminine, deep-bodied and perfect-uddered – one of the very best of her class.
- His grandam comes from two generations of elite Pathfinders and is a fourth generation SAV embryo donor. She has six daughters retained in the SAV herd and 13 progeny have highlighted past SAV sales.

- **Recommended for heifers. This exciting new generation calving-ease bull records the second largest ribeye EPD in the offering. He blends fresh outcross genetics with the best of the herdsire-producing Blackcap May family – opportunity knocks!**
- **His elite Pathfinder dam, SAV Blackcap May 5530, balances a birth ratio of 96 with a weaning ratio of 108 on 5 calves. She is the dam of multiple herdsires including: Priority, Brand Name, Cutting Edge, First Cut, Regard, Robust, Reproduction and Ignition. She has 46 progeny highlighting past SAV sales and 23 daughters retained in the SAV herd.**
- **His prolific grandam by Right Time produced the AI stud sires, Density and Providence.**

This industry favorite currently ranks third in the breed for annual registrations and combines proven, consistent calving-ease with strong carcass values. His pedigree stacks two consecutive generations of breed-leading registration sires. Black Granite was the $80,000 lead yearling bull of the 2012 Connealy Sale. His Pathfinder dam by Bismarck produced an $85,000 top-seller of the 2013 Connealy Sale and records a weaning ratio of 105 on 4 calves.

- **Recommended for heifers. A congress of 14 full brothers who bring calving-ease and fresh outcross genetics to the maternally-superior Madame Pride family. This is an opportunity to select look-a-like and bred-a-like full brothers for a more uniform and consistent calfcrop.**
- **Their prolific 12-year-old dam, SAV Madame Pride 5290, records a weaning ratio of 108 on 6 calves and a progeny IMF ratio of 101 on 55 progeny scanned. She has assembled an impressive production record with 57 progeny featured in past SAV sales, 56 progeny in this event and 22 daughters retained in the SAV herd.**
- **Their grandam is the maternal matriarch, SAV Madame Pride 0075, who continues in production at 17-years of age and has tallied $2.6 million in direct progeny sales.**

SAV Reference Sire - SAV Ten Speed 3022...

Proven curve-bender with breed-leading numbers and exceptional carcass merit...

83 PROGENY & MATERNAL SIBLINGS SELL!

"Just wanted to drop a line and tell you my thoughts on the calves. Ten Speed's are the top of the line!! I feel the Seedstock and Renown heifers are like looking at beautiful women! Recharge's have tremendous loin at this age. Charlo, some really good ones out of 4136. My opinion you are going to have the best set of ET calves that I've seen to date! What a set of ET heifers out of 4136, 5530, 0075 and 5290. Best crop in my opinion to date."

- Dan Davenport

SAV Ten Speed 3022 is the $260,000 top-selling bull from the 2014 SAV Sale and a leading member of the sire roster at Genex AI Stud. He is a proven, industry-leading curvebender who excels at every measure, combining calving-ease, growth and elite carcass values with beef bull phenotype and a maternally-superior cow family. His progeny have excelled in a vast number of herds and solidified his EPD profile that will rival the best in the breed. Ten Speed has received endorsement from all sectors of the industry and is seeing extensive use around the globe as one of the highest profile sires on the Angus scene today.

His elite Pathfinder dam by Bismarck balances a birth ratio of 93 with a weaning ratio of 107 on 4 calves. She is a feminine, productive cow with beautiful body-type and an ideal udder. She descends from the first cow from the Schaff program to be enrolled in embryo transplant.

The 2017 SAV Sale will feature 83 direct progeny of SAV Ten Speed 3022 and three maternal siblings!

His Pathfinder dam

SAV MADAME PRIDE 1134

Pathfinder dam of SAV Ten Speed 3022. She records a weaning ratio of 107 on 4 calves and serves as a member of the SAV donor arsenal.

SAV MADAME PRIDE 4466

This top-producing 13-year-old brood matron is the dam of the Semex AI Stud Sire, SAV Copyright 0194, and third dam of SAV Ten Speed 3022.

SAV BLACKCAP MAY 4136

Dam of lot 447 and full sister to dam of lots 448-451.

- **Six flush brothers fortified with new generation genetics and herdbull credentials from the mating of Ten Speed to the maternal icon, SAV Madame Pride 5290. They take honors as the second top marbling bulls in the entire offering. Lots 461-463 are recommended for use on heifers.**
- **Their powerful and prolific 12-year-old dam is a sixth generation SAV embryo donor. She records a weaning ratio of 108 on 6 calves and a progeny IMF ratio of 104 on 55 progeny scanned. She has 22 daughters retained in the SAV herd, 57 progeny highlighted in past SAV sales and 56 progeny in this event.**
- **Their grandam is the maternal matriarch, SAV Madame Pride 0075, who continues to be a profit-center at 17-years of age.**

" We received results for SAV Ten Trillion 3122 from Quantum Genetics for our 2016 commercial calves. The conception results from AI last year were fantastic! One group AI'd had 31 cows, 27 are confirmed to Ten Trillion which is 87% conception. A portion of the second group was AI'd to Bismarck and Ten Trillion. Ten Trillion was then used to clean up. We ended up with 58 calves sired by Ten Trillion. He has proven to maintain his condition extremely well throughout the breeding season this year as well as last year."
- Terry & Rachelle Sunderland

- Recommended for heifers. Dynamic duo of flush brothers that offer calving-ease and carcass without compromising your goals for performance and maternal value – they do it all. They are the fourth top marbling bulls in the offering.
- Their productive dam by Net Worth is wide-based, big-bodied with massive volume and dimension. She has three daughters retained in the SAV herd and 17 progeny in this event.
- Their Pathfinder grandam, SAV Abigale 8213, is a full sister to the dam of Charlo.

- SAV Speed Index 6450 is a multi-trait leader who shatters the performance and EPD barriers. This fast- growing, heavy-muscled stud earned a 205-day weight of 1026 lbs. for a weaning ratio of 112, ranking among the six top-indexing bulls of his calfcrop. He records the third highest milk EPD in the entire offering and boasts EPDs for weaning and yearling weight in the breed's top 1%.
- His powerful, high maternal, 2-year-old dam by Harvestor is the sixth top weaning and third top yearling weight female of the 2014 calfcrop.
- His second generation Pathfinder grandam records a weaning ratio of 105 on 7 calves. She has three daughters retained and six progeny have highlighted past sales, including the #1 yearling weight bull in the 2011 SAV Sale.

- Recommended for heifers. A major-league curvebender with an incredible birth-to-yearling spread, top performance, carcass merit and cow family power to run with the best. He earned a 205-day weight of 944 lbs. as his dam's first calf and EPDs for weaning and yearling weight in the breed's top percentiles.
- His tremendous 2-year-old dam by Angus Valley has picturesque udder quality and abundant milk.
- His grandam by Brand Name records a weaning ratio of 110 on 3 calves and will qualify as a Pathfinder. His third dam by Net Worth serves in the embryo program and is a direct daughter of the elite Pathfinder, SAV Abigale 8213.

SAV ABIGALE 8547
Dam of lot 487-488.

SAV ABIGALE 7006
Full sister to the dam of lots 487-488 and the third dam of lot 490.

"Just wanted to let you know the bulls made the trip in excellent shape. On top of the immense gratitude I owe you for the deal you made me on the Privilege son, the road trip turned out so much more beneficial than I ever dreamed. Since seeing your cowherd, my son, John Henry has not shut up once, and it's a good thing. I've always had a lot of passion about what I do and have wished that for my kids. He told me that my herd matriarch would probably have been culled out of your herd a generation or two ago. Anyway, the bull is great. To get to see the set of cows you showed us was incredible. But to see the kind of fire that has been lit in John Henry is truly unbelievable! Thank you for everything."

- Sean Clark

SAV Reference Sire - SAV Platinum 0010...

Proven curve-bender with large EPD spread, maternal value and carcass merit...

HIS PROGENY SELL!

"Last week I had the pleasure of visiting Schaff Angus Valley ranch in North Dakota. What an incredible operation this is. This hard working ranch family began in 1902 with registered Angus being incorporated 1942. This operation combines terrific cattle, wonderful management and great people. Yes – this is a combination for success which they have earned!" Should you ever get the chance to visit this ranch at St. Anthony, ND, I can assure you that it will make a memorable impression on you."

- Jay Carlson
Penton Agriculture

SAV Platinum 0010 is among the most popular, proven curvebenders in the Angus breed and headliner at Accelerated Genetics AI Stud. He was selected as a feature of the 2011 SAV Sale where he had the largest birth to yearling spread of his calfcrop and scanned a 365-day ribeye of 17.7 inches. His progeny at SAV have generated a tremendous amount of interest, combining true calving-ease with outstanding growth, performance, maternal value and carcass merit. They start life with early gestation, low birth weights and have excelled at every point of measure.

Platinum's dam is an elite Pathfinder earning a weaning ratio of 109 on 5 calves. She is an extremely heavy milking cow with a proven track record and comes from generations of top production females.

SAV Platinum 0010 will be represented in the 2017 SAV Sale with his progeny that sell.

His Pathfinder dam

SAV GREYSTONE JANNET 5345

Pathfinder dam of SAV Platinum 0010. She records a weaning ratio of 109 on 5 calves. She was a donor feature in the 2012 SAV Sale to Chapman Angus.

SAV GREYSTONE JANNET 1087

This maternal sister to Platinum is one of the most impressive cows in the SAV herd and has joined the embryo program.

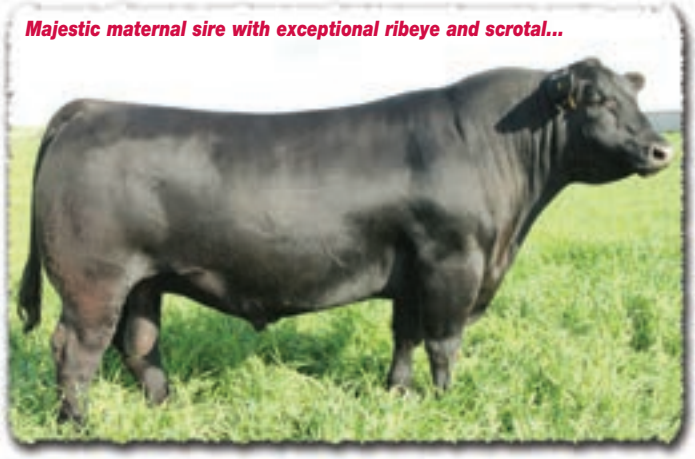

Pathfinder Sire - excels in all traits of magnitude...

SAV PIONEER 7301

The $65,000 top-selling bull from the 2008 SAV Sale. He is the Pathfinder Sire of Platinum, Pursuit, Paramount, Potential, Purebred and Pedigree. His influence is heavily represented.

Majestic maternal sire with exceptional ribeye and scrotal...

SAV PURSUIT 0160

This proven herdsire by Pioneer is out of the record-selling cow in SAV history, SAV Abigale 5650. His progeny excel in phenotypic quality, ribeye area, scrotal size and his daughters have a feminine, maternal presence.

Flush brothers by Platinum from SAV Abigale 8547...

The most prolific and influential cow of the modern era. This phenomenal producer has shattered all records as the #1 income-producing cow in SAV history, generating an astounding $5.6 million in progeny sales with 149 direct sons and daughters averaging $37,382 in past SAV sales to cowmen in 25 states, Canada and Brazil. She has 55 daughters retained in the SAV herd and her ever-growing list of herdsire sons include: Resource, Renown, Recharge, Heritage, Universal, Revolution, Pedigree, Seedstock and Sensation.

Her son, SAV Resource 1441, is a performance trait-leader and the #1 semen revenue bull at Genex AI Stud. Her sons in the 2014 SAV Sale were headlined by SAV Renown 3439, the $175,000 lead-off bull, and SAV Recharge 3436, the $80,000 second lead-off bull at Select Sires AI Stud. In the 2015 SAV Sale, SAV Pedigree 4834 was the $725,000 world record-selling bull, while SAV Seedstock 4838 was the $235,000 lead-off bull and SAV Universal was the $200,000 featured lot 1 bull. A son in the 2016 SAV Sale, SAV Sensation 5615, was the $650,000 top selling bull and his flush sisters were the top-selling heifers.

Her prolific, 15-year-old Pathfinder dam, SAV May 2397, is the third top income-producing cow in SAV history. She has tallied $1.7 million in receipts on 97 progeny averaging $17,539 in past SAV sales. She has six sons working in AI studs, including the $200,000 SAV Angus Valley 1867 at Genex AI Stud and the $92,500 SAV Brave 8320 at ABS Global.

Headlining the 2017 SAV Sale are 23 direct progeny of SAV Blackcap May 4136 and her extensive influence . . .

SAV RENOWN 3439
The $175,000 lead-off bull of the 2014 SAV Sale and one of the greatest sires to ever surface from the SAV program.

SAV Blackcap May 5530 is a potent, powerful, productive Pathfinder dam who has distinguished herself among the most dominant and impacting producers in the history of the Blackcap May family that was established at SAV in 1945 and leads the breed in the production of AI stud sires. She balances a birth ratio on 96 with a weaning ratio of 108 on 5 natural calves and records a weaning EPD in the breed's top 1%. She is an outlier amongst all current dams in the Angus breed for her unique and unusual blend of muscle and maternal – a rare combination.

SAV Blackcap May 5530 reigns among the six top income-producing cow in SAV history, generating $1.4 million in receipts on 46 progeny averaging $29,777 in past SAV sales to cowmen in 18 states, Canada and Brazil. She has 23 daughters retained in the SAV herd and her multiple herdsires sons include: SAV Priority 7283, SAV Brand Name 9115, SAV Regard 4863, SAV Robust 4858, SAV Cutting Edge 4857, SAV First Cut 4856, SAV Reproduction 5632 and SAV Ignition 5629.

Her prolific Right Time dam, SAV May 7238, is the dam of the $55,000 SAV 004 Density 4336 and the $60,000 SAV Providence 6922, both featured at Genex AI Stud. She has tallied $580,800 in receipts on 71 progeny averaging $8180 in past SAV sales and has 19 daughters retained in the SAV herd, including the elite Pathfinder, SAV May 2397.

The 2017 SAV Sale will feature 15 direct progeny of SAV Blackcap May 5530 and her valuable influence.

Her dam

SAV MAY 7238

This Right Time daughter is among the most prolific and influential cows in SAV history. She is the dam of Density, Providence and the elite Pathfinders, SAV May 2397 and SAV Blackcap May 5530.

A son

SAV PRIORITY 7283

This proven headliner at Genex AI Stud was selected by Brockmere Farms as a $21,000 feature of the 2008 SAV Sale.

A son

SAV BRAND NAME 9115

The $156,000 top-selling lot 1 bull from the 2010 SAV Sale and sire of outstanding brood cows.

A son

SAV CUTTING EDGE 4857

The $260,000 top-selling Harvestor bull in the 2015 SAV Sale. His phenomenal first calfcrop will be showcased in this event.

A son

SAV REGARD 4863

The $180,000 top-selling Resource bull from the 2015 SAV Sale to Genex and partners. His first calfcrop demonstrates powerful thickness, expressive muscle shape and structural integrity.

A son

SAV ROBUST 4858

This flush brother to Regard was selected by Sexing Technologies AI Stud as a $67,500 top-selling feature of the 2015 SAV Sale.

SAV IGNITION 5629
Maternal brother to lots 549-550, selected by ZWT and Buford Ranches as a $35,000 feature of the 2016 SAV Sale.

The maternal matriarch of the SAV program who continues to be a leading profit-center at 17-years of age. She is the second high income-producing cow in SAV history, generating $2.6 million in receipts on 107 direct progeny averaging $23,855 in past SAV sales to cowmen in 19 states, Canada and Brazil. She has 38 direct daughters retained in the SAV herd. She balances a birth ratio of 96 with a weaning ratio of 107 on 7 natural calves.

SAV Madame Pride 0075 is a breed icon with flawless structure and ideal maternal phenotype – feminine and capacious, with worlds of milk and impeccable udder quality. She is the all-time greatest daughter of the Pathfinder Sire, Bando 5175. Her dam is the former $97,500 record-selling cow in SAV history, backed by three generations of Pathfinders.

Herdsire sons of SAV Madame Pride 0075 include the $90,000 SAV Registry 2831, featured at Accelerated Genetics, as well as SAV Response 2411, SAV Hopper Bottom 2144, SAV High Yield 2152, SAV Saint Anthony 5670, SAV Sunrise 0257, SAV Sunset 0060, SAV Rising Sun 5179, SAV Rising Star 5149 and SAV Risen 5490. Her daughters include the $400,000 record-selling female SAV Madame Pride 2138, and the $42,000 top-selling cow in the 2007 SAV Sale.

The 2017 SAV Sale will feature 32 direct progeny of SAV Madame Pride 0075 and her valuable influence.

A son

SAV REGISTRY 2831

A balanced breeding bull selected by Accelerated Genetics and partners as the $90,000 top-selling Rito 7075 bull in the 2013 SAV Sale.

SAV Madame Pride 5290 is a prolific 12-year-old, sixth generation SAV embryo donor. She is most proven daughter of the maternal matriarch and among the most powerful and impressive matrons to ever reside at SAV, now serving as a foundation donor at Mohnen Angus. She has earned a weaning ratio of 108 on 6 calves and a progeny IMF ratio of 104 and REA ratio of 101 on 55 progeny scanned. She has 22 daughters retained in the SAV herd, including SAV Madame Pride 0290, who is the #1 marbling female of the 2010 calfcrop. She reigns among the twelve top income-producing cows in SAV history, generating $808,250 in receipts on 57 progeny averaging $14,179 in past SAV sales to cowmen in 15 states and Canada. Her herdsire sons include the $100,000 SAV Realist 2846 at Kuck Ranch, as well as SAV Stallion 2413 and SAV All Season 2282.

Her dam is the maternal matriarch, SAV Madame Pride 0075, who continues in production at 17-years of age. She is the second top income-producing cow in SAV history, generating $2.6 million in receipts on 107 direct progeny averaging $23,855 in past SAV sales. She has 38 daughters retained in the SAV herd and an arsenal of herdsire sons, including SAV Registry 2831.

The 2017 SAV Sale features 56 direct progeny of SAV Madame Pride 5290 – an unprecedented opportunity for the Angus world!

Her dam

SAV MADAME PRIDE 0075

The 17-year-old maternal matriarch and second top income-producing cow in SAV history with $2.6 million in direct progeny sales. She has multiple herdsire sons to her credit and 38 daughters retained in the SAV herd. Her influence is heavily represented.

Her maternal grandam

SAV MADAME PRIDE 8264

The $97,500 record-selling cow from the 2006 SAV Sale. She comes from three consecutive generations of Pathfinders, including the first Schaff cow to be enrolled in embryo transplant.

A daughter

SAV MADAME PRIDE 9803

This seventh generation SAV embryo donor has aquired a great production record at SAV and now serves as a profit-center for Davenport Angus.

A daughter

SAV MADAME PRIDE 1017

One of the most impressive and productive 2011 model cows at SAV. Maternal sisters sell as lots 580-596.

A daughter

SAV MADAME PRIDE 0290

A seventh generation SAV embryo donor with stellar phenotype. Maternal sisters sell as lots 580-596 and a daughter sells as lot 597.

A daughter

SAV MADAME PRIDE 2552

This front pasture cow has served as a seventh generation SAV embryo donor. Maternal sisters sell as lots 580-596.

This phenomenal fifth generation Pathfinder and breed icon is the $250,000 lead-off and top-selling female in the 2016 SAV Sale to Premier Breeders Group. Her fertility, longevity and productivity transcend time and limits. Her phenotype is impeccable in terms of femininity, body type, feet and udder quality. She balances a birth ratio of 95 with a weaning ratio of 104 on 8 natural calves and has generated a proven low birth, high maternal genetic profile. She reigns among the four top income-producing cows in SAV history, generating $1.7 million in receipts on 60 progeny averaging $28,150 in past SAV sales to cowmen in 17 states and Canada. She has 14 daughters retained in the SAV herd and another was the $230,000 2016 National Angus Foundation Heifer. Her sons include the $400,000 SAV International 2020, who was the lead-off lot 1 and record-selling bull from the 2013 SAV Sale. Additional herdsire sons include: SAV Front Pasture 5190, SAV Gold Standard 5450, SAV Patriarch 0225, SAV Craftsman 1291, SAV Dewalt 1034 and many more.

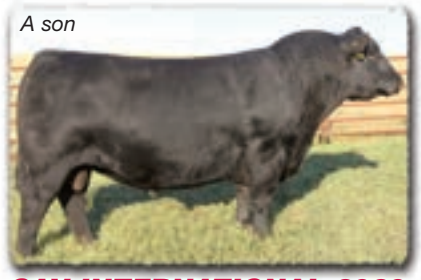

Her prolific Pathfinder dam served the SAV program for 19-years as a testament to the longevity, fertility and productivity of her Emblynette family lineage. She has 24 daughters retained in the SAV herd and has generated $824,650 in receipts on 76 progeny averaging $10,850 in past SAV sales to cowmen in 18 states and Canada.

The 2017 SAV Sale features 13 direct progeny of SAV Emblynette 5483 and her extensive influence.

Her daughter

SAV EMBLYNETTE 5368
The 2016 National Angus Foundation Heifer selling for $230,000 to Herbster Angus Farms.

A son

SAV INTERNATIONAL 2020
The $400,000 record-selling lot 1 bull from the 2013 SAV Sale.

A son

SAV FRONT PASTURE 5190
The $36,000 featured lot 2 bull from the 2016 SAV Sale, selected by David & Tina Bogle.

A son

SAV CRAFTSMAN 1291
This herdsire selection by Frink Angus was a $21,000 feature of the 2012 SAV Sale.

A son

SAV GOLD STANDARD 5450
The $26,000 top-selling Harvestor bull from the 2016 SAV Sale to Albrecht and Penz Angus.

SAV PATRIARCH 0225
This Alta Genetics AI Stud Sire was a $21,000 feature of the 2011 SAV Sale.

A son

The SAV Emblynette family - established at SAV in 1946...

A productive herd matron bred to Charlo - Maternal opportunity!

"Congratulations on your induction into the Honorary Angus Foundation, not only for the induction, also for doing an outstanding job. You have had tremendous influence on the Angus breed as we know it today. I know that takes lots of determination, planning and hard work."

- Joe & Ruby Schaff

SAV Emblynette 7566 is a world-class producer by Net Worth from four generations of elite Pathfinder dams. She earned a weaning ratio of 109 on 3 calves and has 57 progeny scanned with an average IMF ratio of 110. She reigns among the nine top income-producing cows in SAV history, generating $920,500 in receipts on 63 direct progeny averaging $14,611 in past SAV sales to cowmen in 15 states and Canada. She has vast influence represented throughout this sale offering and now serves as a cornerstone donor for Albrecht and Penz Angus.

Her progeny include the $37,500 SAV Bullet 0473 and $27,000 SAV Bullion 0474, who were the heaviest actual weaning bulls in the 2011 SAV sale. A daughter in the same sale was the $39,000 top-selling heifer and heaviest 205-day weight female of her calfcrop. A son, SAV Reputation 1112, was the $77,000 fourth top-selling bull of the 2012 Sale.

SAV Emblynette 7566 has 22 daughters retained in the SAV herd, including SAV Emblynette 0491, the dam of the $100,000 SAV West River 2066 at Genex AI Stud.

Her prolific dam, SAV Emblynette 7261, continues in production at 20-years of age and is a fourth consecutive generation Pathfinder. She has 12 daughters retained in the SAV herd and has tallied $688,891 in receipts on 103 progeny averaging $6688 in past SAV sales.

The 2017 SAV Sale features 30 direct progeny of SAV Emblynette 7566 – the success story continues...

A daughter

SAV EMBLYNETTE 0491
The dam of the $100,000 SAV West River 2066 at Genex AI Stud. Her influence is heavily represented.

A daughter

SAV EMBLYNETTE 2369
The heaviest 205-day weight and #1 marbling female of the 2012 calfcrop.

A son

SAV PATRON 4888
This herdsire selection of Yardley Cattle Co. was a $30,000 feature of the 2015 SAV Sale where he scanned a 365-day REA of 18.6 inches.

A son

SAV BULLET 0473
The heaviest actual weaning bull of his calfcrop, selected by Peak Dot and Johnson Livestock as a $37,500 feature of the 2011 SAV Sale.

A son

SAV PATERNAL 4484
This top-performing bull was selected by Neil Ward as a $27,500 feature of the 2015 SAV Sale.

A son

SAV REPUTATION 1112
The $77,000 fourth top-selling bull in the 2012 SAV Sale to Orville Skogen. He scanned a 365-REA of 17.2 inches.

SAV TOP SPEED 6483
Flush brother to lots 630-636, featured in this sale as lot 473.

SAV THRESHHOLD 6476
Flush brother to lots 640-641, featured in this sale as lot 5.

SAV REAL WORLD 4097
Full brother to lots 637-639, selected by Skogen Livestock as a $45,000 top-selling feature of the 2015 SAV Sale.

The model cow of the Angus breed, unmatched for broodiness and maternal function. Her remarkable phenotype and production ability have made her a breed legend. She balances performance and maternal merit, in tandem with stellar marbling potential, earning a progeny IMF ratio of 102 on 69 progeny scanned. She has 15 daughters retained in the SAV herd. She reigns among the five top income-producing cows in SAV history, generating $1.5 million in receipts on 93 direct progeny averaging $15,872 in past SAV sales to cowmen in 15 states and Canada.

Her outstanding progeny include SAV Hesston 2217, the $130,000 featured lot 2 bull from the 2013 SAV Sale to ZWT and DeBusk, SAV Momentum 9274, the $28,000 top-selling bull of his sire group in the 2010 SAV Sale to Bramblett and Britt Farms, SAV Drover 5611 at Select Sires AI Stud, as well as SAV Mainstream 3643, SAV Cornerstone 3637, SAV First Prize 3642 and SAV Remington 5609.

Her prolific Pathfinder dam, SAV Emblynette 7319, was featured on the front cover of the 2007 SAV sale catalog. She has 19 daughters who were retained in the SAV herd and has tallied $408,350 in receipts on 63 direct progeny averaging $6481 in past SAV sales to cowmen in 21 states and Canada, including the lot 1 bull in the 2004 SAV Sale. Her famous daughters include SAV Emblynette 1182, who is the dam of Predominant, SAV Emblynette 0429, who is the Pathfinder dam of the lot 1 bull in the 2005 SAV Sale and SAV Emblynette 5416, the dam of the $300,000 top-selling bull from the 2012 SAV Sale.

The 2017 SAV Sale offers access to 18 direct progeny of SAV Emblynette 3301 and her valuable influence.

Her Pathfinder dam

SAV EMBLYNETTE 7319

The prolific Pathfinder featured on the front cover of the 2007 SAV sale book. She has tallied $408,350 in receipts on 63 progeny in past SAV sales and has 19 daughters retained in the SAV herd.

A son

SAV HESSTON 2217

A truly great breeding bull selected by ZWT and DeBusk as the $130,000 featured lot 2 bull from the 2013 SAV Sale.

A son

SAV MOMENTUM 9274

A consistent sire of balance and maternal quality, selected by Bramblett and Britt Farms as the $28,000 top-selling Net Worth bull from the 2010 SAV Sale.

A son

SAV FIRST PRIZE 3642

This high maternal bull was selected by ZWT as a $30,000 feature of the 2014 SAV Sale

A son

SAV DROVER 5611

This $24,000 feature of the 2016 SAV Sale is enrolled at Select Sires AI Stud.

A son

SAV MAINSTREAM 3643

The $18,000 top-selling Mustang bull in the 2014 SAV Sale to ZWT Ranch.

A son

SAV REMINGTON 5609

This herdsire selection of Miles Rives was a $20,000 feature of the 2016 SAV Sale.

Valuable maternal property from SAV Emblynette 3301...

SAV INDUSTRY 5588
Full brother to lots 654-659, selected by Brookhaven Farm as a $20,000 feature of the 2016 SAV Sale.

The SAV Emblynette family - timeless maternal quality...

Superb blending of Rito 7075 with the Emblynette family...

SAV EMBLYNETTE 3510 - LOT 663

"We just wanted to thank you for allowing us to purchase your genetics. We have continually improved our herd since we purchased our first SAV bull and heifers in 2008. This will accelerate our goal of having the best herd we can possibly have. A special thanks to Bob for always being willing to 'talk cows.' He has been so helpful and the knowledge he has passed on to us has been, and is greatly appreciated."

- A.L. & Scott Bonds

- **Flush sisters with so many positives to offer – calving-ease, performance, milk, carcass merit and cow family strength. Their flush brothers are featured as lot 495-499.**
- **Their massive dam by Net Worth stands alone for dimension and power. Their Pathfinder grandam has 21 daughters retained in the SAV herd and 91 progeny averaging $5471 in past SAV sales.**

SAV PATTERN 6926
Flush brother to lots 690-693, featured as lot 495.

New generation SAV Abigale donor with a great future...

SAV ABIGALE 3173 - LOT 694

"Kelly, this is what I feel is the best heifer we've raised in 64 years of breeding cattle. She reminds me so much of the heifer you donated to the Angus Foundation. She has never had a bite of feed in her life and we have had a drought. I think it shows the ability of those Resource cattle to flesh in extreme conditions, especially considering it's been 100 degrees with 85% humidity. She is a Resource x Bismarck."

- Heath Helms
Candy Meadow Farms

SAV ABIGALE 0148
Dam of lots 694 and 696 and maternal sister to lots 686-693.

- A new generation SAV embryo donor with a lifetime of success and earning potential ahead. She uniquely solves the antagonisms that exist between calving-ease and muscle, bringing them together in perfect fashion. She is a feminine, stylish cow with natural thickness, body depth, fleshing-ability and splendid udder quality. A son sold in the 2016 SAV Sale for $10,000 to Marshall Stonum and a daughter sells as lot 695.
- Her beautiful dam by Bismarck has three progeny averaging $11,500 in past SAV sales to Lindsey Straka, Raymond Saunders and Hart Farms.
- Sells open and ready to flush. She froze 26 high quality embryos in two flushes since weaning her 2016 calf.

- **A proven Pathfinder cow and leading profit-center who has tallied $66,500 on five progeny averaging $13,000 in past SAV sales and has a daughter retained in the SAV herd. She is a heavy-milking, fertile, hard-working cow who produces year in and year out and records a weaning ratio of 106 on 6 calves. Her sons include the $19,000 SAV Reward 5316 at Sexing Technologies AI Stud, as well as SAV Poundmaker 2196 and SAV Mountain Man 1170.**
- **Her Pathfinder dam has six progeny averaging $4791 in past SAV sales to Pete Bauman, Michael Finley, Peyton Smith, Denny Topf, Beaver Ridge Farm and Dameron Angus Farm.**
- **Sells safe to the $90,000 SAV Registry 2831, due 5/12/17.**

SAV REWARD 5316
This son of lot 709 was selected by Sexing Technologies AI Stud as a $19,000 feature of the 2016 SAV Sale.

"Maybe you guys have finally got a decent nights rest or two since your incredible Bull and Female Sale. Congrats on another amazing event. I did not get all the heifers I wanted, but did get four I believe will work nicely for us. Our first calves by SAV Rematch 4860 and SAV Real Massive 4879 are excellent. SAV Reward and SAV Rock Solid each continue to shine for us. Our Potential daughters have the most perfect udders one can design. We have several Resource and Chill Factor daughters in our embryo program this spring to go along with a Brand Name. Guess I'm gonna sink or swim with you guys. I really like my odds with that in mind."

- Tracy Holbert

SAV MOUNTAIN MAN 1170
This son of lot 709 was selected by DBL Inc. as an $18,000 feature of the 2012 SAV Sale.

- A moderate, super complete heifer with natural thickness, volume and fleshing-ability to make an efficient cow who will thrive under range conditions. She carries balanced EPDs across the board.
- Her nice-uddered, 2-year-old dam by Harvestor is a model brood cow.
- Her Pathfinder grandam records a weaning ratio of 106 on 8 calves. She has six daughters retained in the SAV herd and four progeny averaging $7375 in past SAV sales.

- Last but not least, here is a high maternal heifer by Pursuit with striking femininity and natural good looks.
- Her awesome dam by Harvestor is one of the top-performing and top-scanning females of her calfcrop. She is a second generation SAV embryo donor descending from the elite Pathfinder, SAV Queen 5593.
- A flush brother to her dam, SAV Yieldmaker 3971, was selected by Denny Topf as a $35,000 feature of the 2014 SAV Sale where he was the #1 yearling weight bull.
