SAV Resource 1441

Reg. 17016597

— Rito 707 of Ideal 3407 7075
— SAV Blackcap May 4136

(888) 333-1783

SAV Resource 1441 is the most popular, powerful and dominating young sire in the Angus breed. He has garnered as much enthusiasm and appreciation from expert stockmen around the globe as any bull in SAV history. He represents the best of the timeless Rito lineage and was selected by Genex and partners as the \$110,000 fourth top-selling bull from the 2012 SAV Sale. He brings to the table the basics of efficiency and real-world fleshing-ability, with natural thickness, muscle, masculinity, feet quality and authentic Angus breed character. He consistently stamps his progeny with these hard to find attributes, along with excellent docility. His progeny have proven his ability to sire pounds in the right package and have earned him EPDs for weaning and yearling weight in the breed's top 1%. His thirteen remarkable flush sisters who calved at SAV last year have captured the attention of the Angus world and substantiate his maternal legacy.

The phenomenal dam of Resource records a weaning ratio of 111 on 4 calves and is the #1 weaning and yearling EPD cow in the SAV herd. She has multiple sons working in AI studs, 28 daughters retained in the SAV herd and 48 direct progeny highlighting past SAV sales, including SAV Heritage 6295, who is the sire of Harvester.

The Pathfinder® grandam of Resource, SAV May 2397, is the second top income-producing cow in SAV history. She has 27 daughters retained in the SAV herd, 76 progeny highlighting past SAV sales and six sons working in AI studs, including SAV Angus Valley 1867 and SAV Brave 8320.

SAV Resource 1441 is being used in many of the top herds in America. Order semen early!

EXCITING NEW GENERATION SIRES...

SAV Registry 2831

Reg. 17318928

Rito 707 of Ideal 3407 7075
SAV Madame Pride 0075

Accelerated Genetics

SAV Registry 2831 was selected by Accelerated Genetics and partners as a \$90,000 top-selling feature of the 2013 SAV Sale, where he scanned a 365-day REA of 17.9 inches. He is a unique, outcross calving-ease bull and presents authentic Angus breed character, natural thickness, abundant muscle and superior foot quality in a structurally fault-free package. He brings a timeless performance lineage to a maternally-superior cow family and offers a modest birth weight tabulation that is outcross to most bloodlines.

The dam of Registry continues to be a profit-center at 14-years of age and is the high income-producing cow in SAV history with over \$1.4 million in direct progeny receipts. She has 26 daughters retained in the SAV herd and 51 direct progeny have highlighted past SAV sales to cowmen in 17 states and Canada.

SAV Registry 2831 is being heavily used in the SAV breeding program and has potential to make his mark on the Angus breed.

SAV West River 2066

Reg. 17318919

SAV Bismarck 5682
SAV Emblynnette 0491

SAV West River 2066 was selected by Genex AI Stud and partners as the \$100,000 top-selling calving-ease bull from the 2013 SAV Sale. He combines impeccable phenotype with a true calving-ease tabulation, top and bottom. His pedigree blends the proven breed leaders, Bismarck and Final Answer, who have both led the breed in registrations and are established institutions throughout the Angus world.

The Final Answer dam of West River is moderate-framed, easy-fleshing, and productive. She balances a birth ratio of 93 with a weaning ratio of 107 on her first two calves. The grandam of West River records a weaning ratio of 109 on 3 calves and comes from four consecutive generations of Emblynnette Pathfinders®.

SAV West River 2066 can be used with confidence on virgin heifers and will continue the legacy of his famous lineage.

SAV May 2397#

SAV Angus Valley 1867 is the \$200,000 lead-off bull from the 2012 SAV Sale. He carries the namesake of the SAV program and is backed by the best of the Blackcap May family that was established at SAV in 1945 and leads the breed in the production of AI stud sires.

BW 85 • 205 Wt. 957 • 365 Wt. 1498

BW	WW	YW	MILK
+9	+59	+100	+24

SC +1.13 • Marb +.53 • RE +.46

The phenomenal first calf crop by Angus Valley has exceeded all expectations and proven him as a consistent calving-ease sire who consistently transmits growth, muscle, performance and eye-catching style. His sons comprise an impressive sire-group that led off the 2014 SAV sale book and his daughters are extremely feminine and broody with an awesome maternal look.

His Pathfinder® dam, SAV May 2397, has been a stellar producer. She has six sons working in AI studs, 27 daughters retained in the SAV herd and 76 progeny highlighting past SAV sales. She is the second top income-producing cow in SAV history with 1.3 million in direct progeny sales. A daughter, SAV Blackcap May 4136, is the dam of Resource.

SAV Angus Valley 1867 will be one of the most impacting calving-ease sires to ever surface from SAV program. Order semen early.

SAV Brilliance 8077

Reg. 16107774

SAV Bismarck 5682

SAV Blackcap May 5270

SAV Brilliance 8077 was selected by ABS and partners as a \$67,500 top-selling feature of the 2009 SAV Sale. He has achieved widespread popularity, transmitting calving-ease with powerful phenotype and has earned his position among the most heavily used beef sires at ABS Global.

BW 78 • 205 Wt. 903 • 365 Wt. 1442

BW	WW	YW	MILK
+0	+52	+95	+32

SC +1.24 • Marb +.29 • RE +.67

Brilliance has a unique visual and numerical combination and stamps his progeny with correctness, balance, muscle and eye-catching style. His sale-topping progeny have garnered attention from coast to coast. Brilliance was the #1 sire for entries at the 2013 National Junior Angus Show.

Brilliance is a product of the herd sire-producing Blackcap May family that was established at SAV in 1945. His Pathfinder® grandam is a maternal sister to Density and Providence and was the \$70,000 top-selling cow in the 2009 SAV Sale.

SAV Angus Legend 3700

This son of SAV Angus Valley 1867 is the featured lot 1 bull in the 2014 SAV Sale.

SAV Radiance 0801

This Brilliance son from a dam by Net Worth was selected by Peak Dot Ranch as a top-selling feature of the 2012 SAV Sale.

THANK YOU FOR MAKING SCHAFF ANGUS VALLEY THE #1 RANKED HERD

SAV Bismarck 5682

Reg. 15109865

GAR Grid Maker#
SAV Abigale 0451

SAV Bismarck 5682 continues to be one of the breed's leading sires for total annual registrations. He is a popular and proven outcross, calving-ease sire, who uniquely stamps his low birth weight progeny with exceptional muscle shape, volume and style.

Bismarck has sired many top-selling progeny throughout the breed and many top-selling bulls in the past seven SAV sales, including: Brand Name, Birthstone, Brilliance, Bruiser, Beacon, Bulletproof, Best Interest, Book Value, Blacksmith and West River. The daughters of Bismarck in production have made beautiful, moderate-framed, gentle-natured cows with superb udder quality and optimum milk – they are some of the top young cows in the breed.

Bismarck encompasses all areas vital to mainstream beef production, from calving-ease, to carcass, to making great cows. His impact in the Angus breed is monumental.

SAV Birthstone 8258

Reg. 16107741

SAV Bismarck 5682
SAV Emblynette 4408

SAV Birthstone 8258 is the \$80,000 top-selling Bismarck bull from the 2009 SAV Sale and has proven himself as an early gestation, premier calving-ease sire. He defies the laws of nature, siring the kind of thickness, capacity, performance and quality that you rarely find in true low birth weight cattle.

His dam is a model brood cow and a full sister to Predominant. She is a consistent low birth weight producer with an outstanding progeny record. A full sister to Birthstone is the dam of Thunderbird, a leading curve-bender at Accelerated Genetics.

Birthstone remains very popular as favorable reports continue to flow in – many from large commercial herds where progeny have excelled. Birthstone comes highly recommended for use on heifers and in large synchronization projects where consistent and reliable calving-ease is essential.

HERBSTER ANGUS FARMS

(402) 440-4205

SAV Harvester 0338 is a true breed-changer and performance powerhouse, ranking as the #1 yearling weight EPD sire in the Angus breed. He is recognized as one of the greatest breeding achievements in SAV history and was selected by Herbster Angus Farms as the \$275,000 top-selling bull from the 2011 SAV Sale. His first progeny won the hearts of the Angus world as the top-performing, top-scanning, record-selling sire group in Angus breed history at the 2013 SAV Sale, where they included both the top-selling bull and female. Harvester progeny are stamped with breed character and built right from the ground up – perfect in their structure, with base-width, massive thickness, volume and expressive muscle shape. His sons are loaded with performance and substance, while his daughters are feminine with added dimension to make real brood cows.

Rito 707 of Ideal 3407 7075

BR Polly 8077-472

Accelerated Genetics

SAV 707 Rito 9969 is a massive, beef machine and a favorite among commercial cowmen who sell pounds for a living and demand thick, easy-fleshing cattle that perform. He is the most unique and powerful outcross sire in the Angus breed with unmatched ability to inject performance, appetite and gainability to his progeny. He was selected by Little Goose Ranch as the \$147,500 second top-selling bull from the 2010 SAV Sale. Rito 9969 progeny were the high-performing and record-selling sire group in the 2012 SAV Sale and comprised the largest sire group in the 2013 SAV Sale.

HERBSTER
ANGUS FARMS
(402) 440-4205

SAV International 2020 is the \$400,000 record-selling, Lot 1 bull from the 2013 SAV Sale to Herbster Angus Farms. He represents all the qualities of an ideal beef bull, both phenotypically and on paper and is backed by five consecutive generations of Emblynette Pathfinder® dams. His natural muscle shape, flawless structure and distinctive breed character have made him a favorite among astute cattlemen. He is among the most heavily-used young bulls in the Angus breed and will be a major factor in the future of the SAV breeding program.

The Pathfinder® dam of International is an elite producer who blends calving-ease, fertility and udder quality, with perfect body type. She serves in the SAV embryo program along with her 17-year-old Pathfinder® dam, who has 24 daughters retained in the SAV herd and 55 direct progeny featured in past SAV sales.
